UPDATE ON ACHIEVEMENTS

Operational Context

PUNTLAND

The number of persons arriving from Yemen to Bossaso appears to be decreasing, but remains unpredictable due to heavy fighting continuing around some strategic cities in Yemen. Larger displacements may occur at any time.

SOMALILAND

Since March 2015, 9,947 new arrivals (3,308 families) have been recorded in Somaliland, including 1,928 Yemenis, 7,871 Somalis, 114 Ethiopians and 23 people of other nationalities. The number of boats arriving every week has stabilized and the total numbers of new arrivals in Berbera remain relatively low.

Achievements

PUNTLAND

During reporting period two boats arrived via from Yemen to the port of Bossaso, with fewer new arrivals compared to previous weeks.

At their point of entry, the new arrivals were assisted with refreshments provided by Danish Refugee Council (DRC), transport from the port to the Reception Centre provided by IOM and biometric registration for all arrivals implemented by UNHCR, along with three daily meals for five days provided by WFP upon arrival at the reception Centre and onward transportation assistance (OTA) for those who wanted to return to their areas of origin provided by IOM.

SOMALILAND

On 18 March, one boat carrying four individuals of Yemeni nationality (four households) reached Berbera. The “Al Harbi” reached the Somaliland coast at 2:00 PM, but due to lack of docking space at the port, it was able to dock only over three hours later, at 5:30 PM. The travel cost from Aden (Ma’alla port) to Berbera was \$150.

On 19 March, one boat carrying in total 28 individuals, 19 Yemenis, 8 Somalis, and one third country national (22 households) reached Berbera. The “Ismalia” reached the Somaliland coastline at 18:00 PM and was able to dock immediately. The travel cost from Aden (Ma’alla port) to Berbera was also \$150.

On 25th March, seven individuals of Yemeni Nationality (four households) arrived on the commercial ship “Al Madaf”, which reached the Somaliland coastline at 12:00 PM. Due to lack of space at the port, the boat was only able to dock two hours later, at 2:00 PM. In this case, the crossing from Aden (Ma’alla port) to Berbera was paid \$100 per head. The new arrivals did not report any case of armed, physical violence or gender based violence during their journey.

Reception services were provided by DRC, UNHCR and Somali Red Crescent Society (SRCS) teams. The entry formalities were duly conducted by the Government agencies and the Immigration office operating at the sea-port of entry. There were no undocumented foreigners among the newly disembarked. All were found to be in good health and after provision of food and water they were accommodated into the Reception Centre.

Basic services -including water, food and emergency health care- have been made available for the new arrivals at the Centre. IOM and other partners proceeded with the vulnerability assessment for the provision of Onward Transportation Allowance (OTA). Most new arrivals reported that the ongoing war had forced them to leave the country and that transportation between towns and cities inside Yemen continues to be very difficult, if not altogether impossible in some provinces.
