

# AFGHANISTAN Local (civilian) population targeted (dead and injured) in security incidents for the period July to October 2012

**Disclaimer and Source**

This map is compiled by iMMAP

Date of creation: 05 November 2012

Datum/Projection: WGS84/Geographic. Date created: 22/06/2012

iMMAP in Afghanistan is funded by The United States Agency for International Development (USAID)/ Office of U.S. Foreign Disaster Assistance (OFDA). The data, boundaries and names and the designations used on this map do not imply official endorsement or acceptance by iMMAP or USAID/OFDA. All information is the best available at the time this map was produced. For copies or information regarding specific data sources and methodology: [Afghanistan@immap.org](mailto:Afghanistan@immap.org)

**Data sources:** Incident data is mapped by iMMAP from UNDSS-SIOC reports, British Embassy and open sources. Data is cross-checked for duplication and cleaned where possible. Casualty figures are not official figures. Target of incidents against local population refers to the actual target of an event, and does not consider the intended target. The casualty figures include all civilian casualties

**Civilian:** inhabitant of Afghanistan following the pursuits of civil life, especially one who is not an active member of the military, the police, or a belligerent group.

**LEGEND**

- Low density of incidents
- Medium density of incidents
- High density of incidents
