

TUNISIA, FIRST QUARTER 2016:

Update on incidents according to the Armed Conflict Location & Event Data Project (ACLED)

compiled by ACCORD, 3 May 2016

National borders: [GADM, November 2015a](#); administrative divisions: [GADM, November 2015b](#); incident data: [ACLED, 30 April 2016](#); coastlines and inland waters: [Smith and Wessel, 1 May 2015](#)

Conflict incidents by category

category	number of incidents	sum of fatalities
riots/protests	272	3
battle	24	89
strategic developments	9	0
violence against civilians	6	1
remote violence	5	0
total	316	93

This table is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, 30 April 2016](#)).

Development of conflict incidents from March 2014 to March 2016

This graph is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#), and [ACLED, 30 April 2016](#)).

LOCALIZATION OF CONFLICT INCIDENTS

Note: The following list is an overview of the incident data included in the ACLED dataset. More details are available in the actual dataset (date, location data, event type, involved actors, information sources, etc.). In the following list, the names of event locations are taken from ACLED, while the administrative region names are taken from GADM data which serves as the basis for the map above.

In **Ariana**, 3 incidents killing 0 people were reported. The following locations were affected: **Ariana, Galaat el Andeless, La Sebala**.

In **Ben Arous (Tunis Sud)**, 3 incidents killing 0 people were reported. The following locations were affected: **Ben Arous, Hammam Chott, Rades**.

In **Bizerte**, 5 incidents killing 0 people were reported. The following locations were affected: **Bizerte, Menzel Abderhaman**.

In **Béja**, 9 incidents killing 0 people were reported. The following locations were affected: **Beja, Medjez el Bab, Tabursuq**.

In **Gabès**, 10 incidents killing 3 people were reported. The following locations were affected: **El Hamma, El Manara, Gabes, Jabal Tounine, Mareth**.

In **Gafsa**, 12 incidents killing 0 people were reported. The following locations were affected: **Gafsa, Oum Larais, Redeyef, Sened**.

In **Jendouba**, 9 incidents killing 1 person were reported. The following locations were affected: **Bousalem, Ghardimaou, Jendouba, Oued Meliz, Satfoura**.

In **Kairouan**, 10 incidents killing 0 people were reported. The following location was affected: **Kairouan**.

In **Kassérine**, 44 incidents killing 7 people were reported. The following locations were affected: **Ayn Nouba, Bou Chebka, El Ayoun, Ezzouhour, Feriana, Foussena, Haidra, Jebel Mghila, Jebel Semmama, Jebel ech Chambi, Jedelienne, Kasserine, Mejen Bel Abbes, Sbeitla, Sbiba, Thala**.

In **Kebili**, 5 incidents killing 0 people were reported. The following locations were affected: **Douz, Kebili, Souk Lahad, Zaafrane**.

In **Le Kef**, 7 incidents killing 0 people were reported. The following locations were affected: **El Kef, Jebel Ouargha, Jerissa, Sakiet Sidi Youssef, Tajerouine**.

In **Mahdia**, 7 incidents killing 0 people were reported. The following locations were affected: **Chebba, El Jem, Ghedhabna, Mahdia, Ouled Chamekh**.

In **Monastir**, 4 incidents killing 0 people were reported. The following locations were affected: **Ksar Hellal, Monastir**.

In **Médenine**, 28 incidents killing 79 people were reported. The following locations were affected: **Ben Gardane, Djerba, Djerba-Zarzis International Airport, El Amria, Hnich, Houmt Souk, Medenine, Oglat Zokra, Sedouikch, Zarzis**.

In **Nabeul**, 4 incidents killing 0 people were reported. The following location was affected: **Hammamet**.

In **Sfax**, 26 incidents killing 1 person were reported. The following locations were affected: **El Amra, Erramla, Ghraiba, Hencha, Jabinyanah, Msetria, Sfax, Skhira**.

In **Sidi Bou Zid**, 45 incidents killing 0 people were reported. The following locations were affected: **Al Miknasi, Bir el Hafei, Cebbala Ouled Asker, El Founi, El Hachana, Jelma, Menzel Bouzaiane, Mezzouna, Ragoubet Selta, Regueb, Sidi Ali Ben Aoun, Sidi Bouzid, Zoghmar**.

In **Siliana**, 11 incidents killing 1 person were reported. The following locations were affected: **Djebel Bellouta, El Aroussa, Kesra, Maktar, Mansoura, Siliana**.

In **Sousse**, 8 incidents killing 0 people were reported. The following locations were affected: **Enfida, Sousse**.

In **Tataouine**, 26 incidents killing 1 person were reported. The following locations were affected: **Dehiba, Ksar Ghariani, Remada, Tataouine**.

In **Tozeur**, 6 incidents killing 0 people were reported. The following locations were affected: **Hazoua, Nefta, Tozeur**.

In **Tunis**, 33 incidents killing 0 people were reported. The following locations were affected: **Cite Ettadhamen, Jebel Jelloud, Le Kram, Manouba, Tunis**.

In **Zaghouan**, 1 incident killing 0 people was reported. The following location was affected: **El Fahs**.

METHODOLOGY

The data used in this report was collected by the Armed Conflict Location & Event Data Project (ACLED). ACLED collects data on reported conflict events in selected African and Asian countries, Tunisia being among them. ACLED researchers collect event data from a variety of sources and code them by date, location, agent, and event type. For further details on ACLED and for the full data, see www.acleddata.com und [Raleigh; Linke; Hegre, and Karlsen, 2010](#).

Based on these data, the Austrian Centre for Country of Origin & Asylum Research and Documentation (ACCORD) compiles updates on conflict incidents.

Incidents comprise the following categories: battle, headquarters or base established, non-violent strategic activities, riots/protests, violence against civilians, non-violent transfer of territory, remote violence. For details on these categories, please see

DISCLAIMER

Most of the data collected by ACLED is gathered based on publicly available, secondary reports. It may therefore underestimate the volume of events. Fatality data particularly is vulnerable to bias and inaccurate reporting, and ACLED uses the most conservative estimate available. Furthermore, event data may be revised or complemented in future updates. The lack of information on an event in this report does not permit the inference that it did not take place. The boundaries and names displayed do not imply endorsement or acceptance by the Austrian Red Cross.
