

# KENYA, THIRD QUARTER 2016:

Update on incidents according to the Armed Conflict Location & Event Data Project (ACLED)

compiled by ACCORD, 8 November 2016

National borders: [GADM, November 2015a](#); administrative divisions: [GADM, November 2015b](#);  
Ethiopia/Somalia border status: [CIA, 2014](#); Ilemi triangle status: [UN Cartographic Section, October 2011](#); in-  
cident data: [ACLED, 5 November 2016](#); coastlines and inland waters: [Smith and Wessel, 1 May 2015](#)

## Conflict incidents by category

category	number of incidents	sum of fatalities
riots/protests	46	0
battle	19	49
violence against civilians	13	16
remote violence	4	5
strategic developments	1	0
total	83	70

This table is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, 5 November 2016](#)).

## Development of conflict incidents from September 2014 to September 2016

This graph is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#), and [ACLED, 5 November 2016](#)).

## LOCALIZATION OF CONFLICT INCIDENTS

**Note:** The following list is an overview of the incident data included in the ACLED dataset. More details are available in the actual dataset (date, location data, event type, involved actors, information sources, etc.). In the following list, the names of event locations are taken from ACLED, while the administrative region names are taken from GADM data which serves as the basis for the map above.

In **Busia**, 1 incident killing 0 people was reported. The following location was affected: **Port Bunyala**.

In **Elgeyo-Marakwet**, 1 incident killing 0 people was reported. The following location was affected: **Iten**.

In **Embu**, 3 incidents killing 0 people were reported. The following locations were affected: **Embu, Manyatta, Siakago**.

In **Garissa**, 2 incidents killing 7 people were reported. The following locations were affected: **Garissa, Liboi**.

In **Isiolo**, 4 incidents killing 6 people were reported. The following locations were affected: **Garba Tula, Isiolo**.

In **Kajiado**, 1 incident killing 0 people was reported. The following location was affected: **Ongata Rongai**.

In **Kakamega**, 1 incident killing 0 people was reported. The following location was affected: **Mumias**.

In **Kiambu**, 2 incidents killing 1 person were reported. The following locations were affected: **Kiriko, Thika**.

In **Kilifi**, 1 incident killing 1 person was reported. The following location was affected: **Kilifi**.

In **Kirinyaga**, 6 incidents killing 1 person were reported. The following locations were affected: **Kerugoya, Kirinyaga, Thiba, Wang'uru**.

In **Kisii**, 3 incidents killing 0 people were reported. The following locations were affected: **Keroka, Kisii, Nyamache**.

In **Kwale**, 6 incidents killing 4 people were reported. The following locations were affected: **Diani, Kwale, Mbuwani, Tiwi**.

In **Laikipia**, 1 incident killing 1 person was reported. The following location was affected: **Nyahururu**.

In **Lamu**, 7 incidents killing 2 people were reported. The following locations were affected: **Ishakani, Kiunga, Lamu, Milimani, Mokowe**.

In **Machakos**, 1 incident killing 0 people was reported. The following location was affected: **Mitaboni**.

In **Makueni**, 1 incident killing 0 people was reported. The following location was affected: **Wote**.

In **Mandera**, 4 incidents killing 17 people were reported. The following locations were affected: **El Wak, Fino, Lafey, Mandera**.

In **Marsabit**, 1 incident killing 0 people was reported. The following location was affected: **North Horr**.

In **Meru**, 2 incidents killing 0 people were reported. The following location was affected: **Meru**.

In **Migori**, 1 incident killing 0 people was reported. The following location was affected: **Migori**.

In **Mombasa**, 6 incidents killing 8 people were reported. The following locations were affected: **Kisauni, Likoni, Mombasa**.

In **Nairobi**, 5 incidents killing 0 people were reported. The following location was affected: **Nairobi**.

In **Nakuru**, 3 incidents killing 0 people were reported. The following locations were affected: **Nakuru, Rongai**.

In **Narok**, 6 incidents killing 2 people were reported. The following locations were affected: **Duka Moja, Molot, Pimbiniyet, Pimbinyiet**.

In **Nyamira**, 2 incidents killing 0 people were reported. The following locations were affected: **Gianchore, Tombe**.

In **Nyeri**, 5 incidents killing 1 person were reported. The following locations were affected: **Kiamariga, Mukurwe-ini, Naro Moru, Nyeri**.

In **Siaya**, 1 incident killing 3 people was reported. The following location was affected: **Bondo**.

In **Trans Nzoia**, 1 incident killing 0 people was reported. The following location was affected: **Kitale**.

In **Uasin Gishu**, 3 incidents killing 0 people were reported. The following location was affected: **Eldoret**.

In **Wajir**, 1 incident killing 10 people was reported. The following location was affected: **Dif**.

In **West Pokot**, 1 incident killing 6 people was reported. The following location was affected: **Kapenguria**.

## METHODOLOGY

The data used in this report was collected by the Armed Conflict Location & Event Data Project (ACLED). ACLED collects data on reported conflict events in selected African and Asian countries, Kenya being among them. ACLED researchers collect event data from a variety of sources and code them by date, location, agent, and event type. For further details on ACLED and for the full data, see [www.acleddata.com](http://www.acleddata.com) und [Raleigh; Linke; Hegre, and Karlsen, 2010](#).

Based on these data, the Austrian Centre for Country of Origin & Asylum Research and Documentation (ACCORD) compiles updates on conflict incidents.

Incidents comprise the following categories: battle, headquarters or base established, non-violent strategic activities, riots/protests, violence against civilians, non-violent transfer of territory, remote violence. For details on these categories, please see

## DISCLAIMER

Most of the data collected by ACLED is gathered based on publicly available, secondary reports. It may therefore underestimate the volume of events. Fatality data particularly is vulnerable to bias and inaccurate reporting, and ACLED uses the most conservative estimate available. Furthermore, event data may be revised or complemented in future updates. The lack of information on an event in this report does not permit the inference that it did not take place. The boundaries and names displayed do not imply endorsement or acceptance by the Austrian Red Cross.
