

TUNISIA, YEAR 2012:

Update on incidents according to the Armed Conflict Location & Event Data Project (ACLED)
compiled by ACCORD, 3 November 2016

National borders: [GADM, November 2015a](#); administrative divisions: [GADM, November 2015b](#); incident data: [ACLED, undated](#); coastlines and inland waters: [Smith and Wessel, 1 May 2015](#)

Conflict incidents by category

category	number of incidents	sum of fatalities
riots/protests	302	9
strategic developments	61	0
battle	24	9
violence against civilians	18	0
total	405	18

This table is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#)).

Development of conflict incidents from 2003 to 2012

This graph is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#)).

LOCALIZATION OF CONFLICT INCIDENTS

Note: The following list is an overview of the incident data included in the ACLED dataset. More details are available in the actual dataset (date, location data, event type, involved actors, information sources, etc.). In the following list, the names of event locations are taken from ACLED, while the administrative region names are taken from GADM data which serves as the basis for the map above.

In **Ben Arous (Tunis Sud)**, 1 incident killing 0 people was reported. The following location was affected: **Rades**.

In **Bizerte**, 4 incidents killing 0 people were reported. The following locations were affected: **Bizerte, Menzel Bourguiba**.

In **Béja**, 3 incidents killing 0 people were reported. The following locations were affected: **Beja, Nafza**.

In **Gabès**, 2 incidents killing 0 people were reported. The following locations were affected: **Gabes, Mateur**.

In **Gafsa**, 31 incidents killing 2 people were reported. The following locations were affected: **Belkhir, El Ksar, Gafsa, Mdhilla, Redeyef, Sidi Aich**.

In **Jendouba**, 19 incidents killing 1 person were reported. The following locations were affected: **Al Guaraba, Bousalem, Ghardimaou, Jendouba**.

In **Kairouan**, 4 incidents killing 0 people were reported. The following location was affected: **Kairouan**.

In **Kassérine**, 18 incidents killing 2 people were reported. The following locations were affected: **Ezzouhour, Feriana, Jebel Dernaia, Jebel ech Chambi, Kasserine, Sbeitla, Thala**.

In **Kebili**, 2 incidents killing 0 people were reported. The following locations were affected: **Douz, Kebili**.

In **Le Kef**, 5 incidents killing 0 people were reported. The following locations were affected: **El Kef, Tajerouine**.

In **Monastir**, 6 incidents killing 1 person were reported. The following locations were affected: **Monastir, Sidi Abdelhamid**.

In **Médenine**, 15 incidents killing 0 people were reported. The following locations were affected: **Ben Gardane, Beni Khedache, Djerba, Guellala, Medenine, Ras Ajdir, Zarzis**.

In **Nabeul**, 5 incidents killing 0 people were reported. The following locations were affected: **El Mida, Hammamet, Kelibia**.

In **Sfax**, 17 incidents killing 0 people were reported. The following locations were affected: **El Ataya, Erramla, Remla, Sfax, Thyna**.

In **Sidi Bou Zid**, 25 incidents killing 1 person were reported. The following locations were affected: **Al Miknasi, Menzel Bouzaiane, Regueb, Sidi Bouzid**.

In **Siliana**, 22 incidents killing 0 people were reported. The following locations were affected: **Bargou, Bu Aradah, Gaafour, Kesra, Maktar, Siliana**.

In **Sousse**, 9 incidents killing 0 people were reported. The following locations were affected: **Hammam Sousse, Msaken, Sousse**.

In **Tataouine**, 11 incidents killing 1 person were reported. The following locations were affected: **Bir Lahmar, Merissa, Satah al-Hassan, Tataouine**.

In **Tozeur**, 2 incidents killing 0 people were reported. The following location was affected: **Tozeur**.

In **Tunis**, 204 incidents killing 10 people were reported. The following locations were affected: **Bab El Bhar, Carthage, Cite El Khadra, Douar Hicher, El Omrane, Intilaka, Kasbah, La Marsa, La Medina, La Mornaghia, Le Bardo, Manouba, Manouba University, Montfleury, Sijoumi, Tunis, Tunis-Carthage Airport**.

METHODOLOGY

The data used in this report was collected by the Armed Conflict Location & Event Data Project (ACLED). ACLED collects data on reported conflict events in selected African and Asian countries, Tunisia being among them. ACLED researchers collect event data from a variety of sources and code them by date, location, agent, and event type. For further details on ACLED and for the full data, see www.acleddata.com und [Raleigh; Linke; Hegre, and Karlsen, 2010](#).

Based on these data, the Austrian Centre for Country of Origin & Asylum Research and Documentation (ACCORD) compiles updates on conflict incidents.

Incidents comprise the following categories: battle, headquarters or base established, non-violent strategic activities, riots/protests, violence against civilians, non-violent transfer of territory, remote violence. For details on these categories, please see

DISCLAIMER

Most of the data collected by ACLED is gathered based on publicly available, secondary reports. It may therefore underestimate the volume of events. Fatality data particularly is vulnerable to bias and inaccurate reporting, and ACLED uses the most conservative estimate available. Furthermore, event data may be revised or complemented in future updates. The lack of information on an event in this report does not permit the inference that it did not take place. The boundaries and names displayed do not imply endorsement or acceptance by the Austrian Red Cross.
