STATUS OF THE IMPLEMENTATION OF THE COMPREHENSIVE PEACE AGREEMENT (CPA)

1 *Power-Sharing Agreement*

1.1 THE NATIONAL LEVEL

A) National Constitution

1. President Omar Hassan Ahmed Al-Bashir signed the **Interim National Constitution (INC)** into law on 9 July 2005 ([Annex 1](#)). The INC, which is based on the Comprehensive Peace Agreement (CPA) and the 1998 Sudan Constitution, is the supreme law of the land during the Interim Period. It was prepared by the National Constitutional Review Commission (NCRC), a creation of the CPA, with 31 members from the NCP, 17 from SPLM, 8 from Northern political parties and 4 from Southern political forces. The National Assembly and the SPLM National Liberation Council adopted the INC on 6 July 2005.

B) The National Executive

2. The three-member **Presidency** was inaugurated on 9 July 2005. Omar Hassan Ahmed Al-Bashir was sworn in as President, John Garang de Mabior as First Vice President and Ali Osman Mohamed Taha as Vice President. Lt. General Salva Kiir Mayardit was sworn in as the First Vice President on 11 August 2005 following the death of John Garang in a helicopter crash on 30 July 2005.
3. President Al-Bashir issued four decrees on 20 September 2005 establishing the **Government of National Unity**, largely in accordance with the CPA power-sharing formula. Members of the GNU were sworn in on 22 September 2005. On 27 November 2005, President Al-Bashir issued two decrees filling the ministerial seats left vacant for the opposition umbrella group, the National Democratic Alliance (NDA).
4. Additional appointments to the GNU were made in October 2006 to reflect commitments made under the **Darfur Peace Agreement (DPA)**. Minni Minnawi of the SLA/MM was appointed Senior Assistant to the President and Mustafa Mohamed Ahmed Tirab as a State Minister without portfolio. (10/06)
5. Further appointments to the GNU were made on 29 May 2007 to reflect commitments made under the **Eastern Sudan Peace Agreement (ESPA)** signed on 14 October 2006. Eastern Front Chairman Musa Mohamed Ahmed was appointed Assistant to the President, Amna Dirar as Presidential Advisor and 'Free Lions' leader Mabrouk Mubarak Salim as State Minister in the Ministry of Transport and Roads (5/07).
6. In March 2007, the **NCP-SPLM Joint Leadership Committee** held its first annual meeting, chaired by President Al-Bashir and FVP Salva Kiir. The meeting established a new high-level sub-committee, the **NCP-SPLM Joint High Political Committee**, to address contentious issues related to CPA implementation.
7. On 11 October 2007, the Sudan People's Liberation Movement (SPLM) announced the suspension of its participation in the GNU, citing the lack of progress on the issues of Abyei, border demarcation, redeployment, transparency of oil revenues and preparations for the census and elections. It recalled its ministers, state ministers and presidential advisers from the GNU, and indicated that they would resume participation in the central government only after these issues had been resolved. On 17 October, President Al-Bashir, agreeing to one of the demands of the SPLM, issued a decree reshuffling the cabinet. The reshuffle concerned two Presidential Advisors, six Cabinet Ministers and six Ministers of State in the GNU. SPLM, however, rejected the decree on the ground that the reshuffling did not reflect the recommendations it had submitted to the Presidency. On 26 December 2007, President Al-Bashir issued a series of decrees appointing new SPLM ministers, state ministers and presidential advisers in the Government of National Unity (GNU). The new SPLM ministers

were sworn in on 27 December, thus ending a two-month boycott of the GNU. There was no change in the NCP line-up in the GNU, as the NCP kept to its limited reshuffle in early December, which brought in one presidential advisor and six state ministers. (12/07)

8. On 14 February 2008, President Al-Bashir carried out a Cabinet reshuffle involving NCP Ministers in the GNU and reallocated portfolios of several Ministers of State. (09/08)
9. On 8 June 2008, President Al-Bashir issued Republican Decree 146 adopting a landmark agreement between the NCP and the SPLM entitled 'Roadmap for Return of IDPs and Implementation of Abyei Protocol'. The four main points outlined were: security arrangements, return of IDPs, an interim administration and final arbitration. A follow up to the decree, specifying the modalities for the establishment of the interim administration was issued on 15 June 2008. The Roadmap establishes the geographical boundaries of the interim administration in an agreed map that was attached to the 8 June document. It also gives the Abyei administrative area a special status under the Presidency and establishes the Abyei Executive Council, Abyei Security Committee, and Abyei Area Council, and outlines how they will be financed. This interim agreement will be in effect pending the result of the final arbitration process. The text of the Roadmap can be found in [Annex 23](#). (06/08)
10. On 7 July 2008 Ali Osman Mohamed Taha, Vice-President of the Republic and Riek Machar, Vice President of the Government of Southern Sudan, signed a Convention on the arbitration on the Abyei area. The text is to be deposited with International Court of Arbitration in The Hague. (07/08)
11. On 17 November 2008, the National Assembly approved the nominations of the chairman and members of the Political Parties Council. They were sworn in on 25 November. (11/08)
12. The **National Legislature** (the Council of States and the National Assembly) was formed on 31 August 2005. Ahmed Ibrahim El Tahir (NCP) was elected Speaker for the National Assembly and Atim Garang Deng (SPLM) Deputy Speaker. Ali Yahia (NCP) was elected Speaker and Remo Olair (SPLM) Deputy Speaker of the Council of States. The **Council of States** has two members from each of the 25 States and two representing Abyei, currently appointed by the Presidency after consultation with state institutions. [*Note*: Following the general elections held in April 2010, and Council of States in May 2010, members of the National Legislature henceforth are elected]
13. The **National Assembly** has 450 members. Membership is allocated according to the CPA's power-sharing formula, with modifications to take account of the Darfur Peace Agreement (DPA) and Eastern Sudan Peace Agreement (ESPA) (see below). The original division was as follows: NCP: 234 seats; SPLM: 126 seats; Northern political forces: 55 seats (20 for the NDA, seven for the Registered Democratic Unionist Party, three for Umma Party Reform and Renewal, three for Federal Umma Party, three for Umma Party Collective Leadership, three for Ansar Al-Sunna, three for the Muslim Brotherhood and five for Parties' Forum); Southern political forces: 27 seats (ten for Union of Sudan African Parties, five for United Democratic Salvation Front, three for United Democratic Front, five for Sudanese African National Union and four for the Southern Sudan Democratic Forum); national personalities: eight seats. Of the 55 seats allocated to the Northern political forces, 8 were allocated to the Umma Party (Mainstream) and the Popular National Congress, but both declined to participate. The National Assembly has 20 standing committees. A list of the chairs of standing specialised committees can be found in [Annex 3](#). (10/07)
14. On 3 April 2007, twelve representatives of the **Darfur Peace Agreement signatory parties** were sworn in as members of the National Assembly. Nine of the seats they assumed were already vacant; the remaining three were made available by the NCP from its own allocation. (4/07)
15. On 24 October 2007, eight members from the Eastern Front took the oath of office in the National Assembly, in accordance with the **Eastern Sudan Peace Agreement** (ESPA) which

provides for the allocation of eight seats to nominees of the Eastern Front. (11/07)

16. On 21 February 2010, the Presidency reached an agreement on the contested census results that provides for an additional 40 seats in the National Assembly for the South, to be filled by appointment following the national election. With this agreement, the South agreed to drop its objections to the national census results. In addition, only presidential and national parliamentary elections would be held in Southern Kordofan State, while state-level elections would be postponed to allow for the conduct of new census and reallocation of state constituencies. Further, Southern Kordofan and Abyei would be allocated 4 and 2 seats, respectively, in the new National Assembly. (02/10)
17. Elections across Sudan held, fulfilling a CPA benchmark. Omar Hassan Ahmed Al Bashir elected President of the Republic, Salva Kiir Mayardit President of the Government of Southern Sudan. Polling did not take place in 33 geographical constituencies for technical and logistical problems; gubernatorial elections in Southern Kordofan postponed as agreed upon by the CPA parties. (04/10)
18. On 14 June 2010, the President of the Republic issued decrees appointing 35 Ministers and 42 State Ministers in the national government. The NCP was allocated 24 ministerial seats, SPLM 8, and other parties who had participated in the elections 3. The newly-appointed ministers were sworn in on 16 June. A list of current members of the GNU can be found in Annex 2.
19. On 23 June 2010, the CPA parties signed an agreement in Mekelle, Ethiopia, on post-referendum issues and arrangements. The parties agreed that negotiations on post-2011 referendum arrangements shall be conducted and led by NCP-SPLM Joint Negotiation Team composed of six members from each side and shall be facilitated by the African Union High Level Implementation Panel on Sudan (AUHIP) and supported by the Intergovernmental Authority on Development (IGAD), IGAD partners' forum and the UN. The parties agreed that the negotiations shall be supported by a Joint Secretariat composed of six members that shall coordinate and liaise with the AEC Secretariat. Further, the parties agreed to cluster the negotiations into four working groups to collectively address the issues of citizenship; security; financial, economic and natural resources; and international treaties and legal issues. The negotiations will be launched on 5 July 2010 in Khartoum.
20. On 30 June 2010, the President of the Republic, through a Presidential Decree, appointed Chairman, Deputy Chairman, and Members of the Southern Sudan Referendum Commission. Those who appointed are: Mohammed Ibrahim Khalil (Chairman); Chan Rieth Madut (Deputy Chairman); Suaad Ibrahim Eissa, Deng Awur Wany Nyiel, Lual Chany Chuol, Tariq Osman Al-Tahir, Paulino Wanawill Unango, Sebit Alle Abbe, Kamal Ali Mohamed Saleh (Members). (06/10) *** [Note: For ease of reference, future developments related to the Southern Sudan Referendum Commission will be reflected in a separate section under the title 'The Southern Sudan Referendum Commission'].

C) Legislative Agenda

21. The 1st session of the National Assembly since the signature of the CPA convened on 31 August 2005. It endorsed the **Joint Integrated Units (JIUs) Act** and the **Organization of Voluntary and Humanitarian Work Act (NGO Act)**. (11/06)
22. The 2nd session of the National Assembly met from 3 April – 3 July 2006. It did not pass any significant CPA-implementation related legislation.
23. The 3rd session of the National Assembly convened on 30 October 2006. It adopted a number of important CPA-implementation related pieces of legislation. These included the **National Civil Service Commission Act** (10 January 2007), text of which can be found in [Annex 5](#), **Political Parties Act** (22 January 2007) and **National Civil Service Bill** (23 January 2007).
24. The **Political Parties Act** has been controversial. During the three readings of the Bill in the National Assembly, controversy centred on Article 18.b, which allows for the dissolution of

political parties by a court decision. In the final version of the Bill, this article (now Article 19-2) was revised to provide that a party may be dissolved upon the decision of *the Constitutional Court* on the basis of a case raised by a two-thirds majority of the Political Parties Council, *if it is proven before the Court that the party has violated article 40 (3) of the INC*. NDA parliamentarians refused to endorse the final draft, and walked out of the Assembly session in protest. NCP parliamentarians then introduced a further amendment to toughen the requirements for party registration (Article 4). This was incorporated into the final Bill, which was adopted by consensus in the absence of the NDA. Opposition parties have expressed concerns about the implications of the final Act, which requires parties to register within 90 days, on preparations for democratic elections. The **Political Parties Act** was signed into law by the President on 6 February 2007 (The text of the Act can be found in [Annex 4](#)).

It also passed, at second reading stage, the **National Council for Child Welfare** and the **National Tourism Bills** for 2008. (06/08)
28. In its extended session, the National Assembly on 7 July 2008 passed the **National Elections Act** 2008, with a majority of 350 votes (with 14 opposed and two abstentions) after introducing 67 amendments to the bill. An important provision of the new law is that the new parliament will consist of 450 members, with 60% selected by geographical constituencies and 40% by proportional representation party lists, out of which 25% is allocated to a separate women's party list and 15% for political parties' list. The act stipulated that parties must receive a minimum of 4% of the overall votes to secure seats according to the proportional representation. This is the first time that proportional representation system will be used in Sudan. President Al-Bashir signed the bill into law on 14 July 2008. The Speaker of the National Assembly, Ahmed Ibrahim El-Tahir, declared that the parliament will be on call to meet in special session to approve the formation of the National Electoral Commission (NEC), as stipulated by the Act. The law requires that the NEC be established within one month of the adoption of the law. He also stated that during the recent session, the assembly adopted 14 laws, inter alia, laws on: Elections, Police, Armed Forces, National Council for Languages, Public Health, and the National Council for Child Welfare. It also finalised seven international agreements. He said that National Assembly convened 30 sittings, as well as five additional sessions. He indicated further that the assembly heard five statements from various ministers: the Ministers of Defence, Interior, Finance, the Commissioner of the Bank of Sudan, and the Vice-President of the Republic. 50. On 15 May 2010, the National Supreme Court announced the decision on a case which was submitted by the Democratic Unionist Party (DUP-Original) to invalidate the election result in constituency number 4 in the Red Sea state, on the ground of violating the provisions of the National Election Act in a manner that affected the results of the elections. Accordingly, the court cancelled the result, which was previously in favor of an NCP candidate". (05/10)
51. E) Commissions

57. The CPA provides for the establishment of a large number of Commissions to oversee implementation of the agreement. There was initially considerable delay in establishing many of these Commissions; however, the process got back underway in late 2005, with the formation and staffing of the **National Petroleum Commission (NPC)**, the **Ceasefire**

Political Commission (CPC), the **Fiscal and Financial Allocation and Monitoring Commission (FFAMC)**, and the **National Judicial Service Commission (NJSC)**. The progress of these Commissions is dealt with under the relevant sections of the Monitor. The **Assessment and Evaluation Commission (AEC)**, the **Technical ad hoc Border Committee** and the **National Civil Service Commission (NCSC)** are dealt with below. With the exception of the NCSC, all the Commissions have been formed by presidential decree rather than legislation. Some National Assembly members have argued that FFAMC and the NPC in particular require a legislative basis.

- *Assessment and Evaluation Commission (AEC)*

58. The Assessment and Evaluation Commission (AEC) was established in October 2005 to assess and evaluate the implementation of the CPA with the Parties (establishing decree can be found in Annex 7). It has 13 members and four observers and meets in plenary session once a month. The AEC has four Working Groups chaired by international members: Power-Sharing (Italy); Wealth-Sharing (USA); Security Arrangements (UK); Three Areas (Netherlands). The AEC reports to the Presidency. On 12 February 2008, the President of the Republic issued a decree appointing Sir Derek Plumbly as new Chairman of the Commission.
59. On 17 October 2010, the Assessment and Evaluation Commission held its 59th plenary session in Juba. The meeting discussed developments relating to Abyei, post-referendum arrangements negotiations, as well as border demarcation (10/10)

60. [On 25 January 2011, the AEC convened its 62nd plenary session. \(01/11\)](#)

61. The **Assessment and Evaluation Commission for Blue Nile and Southern Kordofan States** were established by presidential decree on 26 July 2007, is dealt with under sections 3.2 and 3.3 of the Monitor.

- *Technical ad hoc Border Committee*

62. The **Technical ad hoc Border Committee** started work in January 2007 on mapping the 1 January 1956 border between North and South Sudan. It has made a number of field trips to discuss its work with local officials and communities and to collect data. In July 2007, the **Technical ad hoc Border Committee** made fact-finding visits to Cairo and London to study documents relating to the 1-1-1956 border in Egyptian and British archives. On 4 August, Professor Abdalla Al-Sadig Ali was appointed Chairperson of the Committee through a presidential decree. It is expected to submit its final report in the first quarter of 2008. (9/07)
63. On 17 February 2009, the Technical ad hoc Border Committee approached UNMIS for supporting a training programme in GIS for six Committee members. The training programme covers basic concepts of GIS, experiencing field data collection with Trimble GPS, image processing with ERDAS Imagine software using SPOT and Quickbird Satellite Imagery, manipulating Vector and Raster data to create maps using ArcGIS 9.3 version and Vector/Raster map production. (02/09)
64. Some political forces have expressed reservation about the new date. (06/09)

75. On 4 August 2009, the NEC announced the completion of the demarcation of geographical constituencies in all 25 States. 100. On 11 October, the Policy Committee convened its first meeting, focusing on key policy, budgetary, and planning issues. F) Population Census

107. The **National Population Census Council** (NPCC) was established by presidential decree on 7 January 2006 ([Annex 9](#)). It is mandated to plan for the census; set standards and criteria for the Central Bureau for Statistics; follow-up on the preparations leading up to the population census operation; and report to the Presidency. In September 2006, FVP Kiir issued a decree establishing the **Higher Council for Population Census in Southern Sudan**. ([Annex 10](#)).
108. Following repeated changes of schedule, a presidential decree was issued on 11 February 2008 setting 15-30 April 2008 as date for the 5th national population census. However, on 12 April, the GoSS announced the postponement of census in the south. In support of its decision, it cited failure to resolve the Darfur crisis; non-completion of return movements of IDPs from the north to the south; non-inclusion of questions on ethnicity and religion in the questionnaire; and delays in the demarcation of the north-south border. The GoSS eventually reversed its decision, but reserved the right to have an opinion on the census general outcome and the application of the results. The Presidency, meanwhile, changed the census dates from 15-30 April to 22 April-6 May.
109. On 21 May 2009, the Central Bureau of Statistics (CBS) officially released the "Sudan Census Priority Results" at a press conference in Khartoum. The total enumerated population from the 2008 census is 39,154,490 persons of which 20,073,977 were males and 19,080,513 were

females. The sex ratio is 105 males per 100 females. In terms of region of enumeration, 30,894,000 (78.9%) were enumerated in North Sudan and 8,260,490 (21.1%) enumerated in South Sudan. Khartoum State has the largest number of persons (5,274,321) followed by South Darfur (4,093,594), Gezira (3,575,280), North Kordofan (2,920,992), and North Darfur (2,113,626). The state with the smallest number of persons is Western Bahr El Ghazal (333,341), followed by Unity (585,801), Western Equatoria (619,029), and Lakes (695,730). The age distribution continues to show a youthful population typical of developing countries with (14.9%) aged 0-4 years, (42.6%) under 15 years, (54.0%) aged 15- 64 years and (3.38%) aged 65 years and over. (05/09)

110. On 6 June 2009, the South Sudan Centre for Census, Statistics and Evaluation (SSCCSE) released the census results officially in Juba, following authorization by the GoSS President. Thereafter, the SSCCSE dispatched two teams headed by the Chairman and Deputy Chairman between 19th and 30th June to disseminate the results in the 10 states of South Sudan. The Central Bureau of Statistics (CBS) will be mounting a similar dissemination exercise in the 15 states of North Sudan in July 2009. Meanwhile, work is continuing on the processing of the long questionnaire at the data processing centres in Khartoum and Rumbek. (06/09).
111. On 3 July 2009, GoSS objected to the use of the population census results either as the basis for allotting constituencies for the general elections or adjusting the CPA wealth and power sharing formula on the ground that they under count population of the region and over count the population of Darfur and nomads. The Southern Sudan Legislative Assembly also refused to accept the census results. (07/09)
112. The SPLM Political Bureau rejected the results of the Fifth Population Census. A communiqué issued on the conclusion of at its meeting held in Juba on 16-20 August 2009 reads: "...the census results are too flawed and lack minimum acceptable level of credibility. The PB (Political Bureau) therefore rejects the results and affirms the use of the CPA formula for the purpose of mid-term general elections." (08/09)

G) Returns, Repatriation and Reintegration

113. Spontaneous and organised returns from the North to the South declined in January. Although the main return routes to the South are gradually reopening in Southern Kordofan as new security measures have been put in place after a series of inter-ethnic disputes, the shortage of funding in Juba resulted in government-organised movements from the North being limited to those for which transport had already been arranged or other funding had been identified.
114. The total number of individuals tracked in such organised returns through the major North-South gateway at Kosti stood at over 144,000 by the end of the month. Spontaneous returns tracked in Kosti reached a total of 32,400 since this surge began in late October last year. January alone comprised over 10,400 of this total, more than trebling the highest figure for the month in previous years. UNHCR meanwhile continued to report no repatriation activity, as Sudanese refugees in neighbouring countries apparently remained apprehensive about returning. (01/11)

H) National Capital

115. A **joint ad hoc committee** composed of ten members representing the NCP and the SPLM was formed on 18 October 2005 to discuss issues regarding the **administration of the national capital** during the Interim Period. 116. The Presidency decided on 3 January 2006 that the Cabinet for the administration of the National Capital would include eight ministers: four from the NCP, two from the SPLM (one of them Deputy Governor) and two from Northern political forces (one of them Deputy Governor).
117. The **State Legislative Assembly of Khartoum** adopted its **State Constitution** on 30 May 2006. It was signed into law on 5 June 2006. On 17 June 2006, the Governor of Khartoum

State issued a decree appointing the Ministers of the State Government. Five ministerial posts were allocated to the NCP, two to the SPLM and two to other northern political groups. One post was reserved for a Dafurian representative (6/06). On 4 September, the Local Governance Bill was signed into law by the Governor of Khartoum State. The Bill was adopted by the Khartoum Legislative Council on 25 August. (9/07)

118. On 24 August, Khartoum Legislative Council passed Khartoum State Police Act which was signed on the same day by the Governor of Khartoum State. (08/09)

i) Representation of Sudanese People in Khartoum Law Enforcement

119. On 6 November 2006, the Khartoum State cabinet approved the **Khartoum Police Forces Bill** in the first reading stage. Discussion in the Khartoum Legislative Council was delayed by a dispute between Khartoum state authorities and the General Director of the National Police, who argued that Khartoum police should be supervised by the National Police Directorate. The **Khartoum Police Forces Bill** was tabled in the Khartoum Legislative Council in February 2007, but not adopted. High-ranking police officers from the Ministry of Interior argued that the State Law on Police should be adopted only after the National Act in order to avoid any conflict of provisions between the texts. (2/07). The Khartoum Legislative Council has confirmed that the bill will not be discussed until the National Police Bill has been approved. (7/07)

ii) The Commission for the Protection of the Rights of Non-Muslims in the National Capital

120. The Presidency issued a decree in August 2006 providing for establishment of the **Commission on the Protection of the Rights of Non-Muslims in the National Capital** ([Annex 11](#)). It sets out the Commission's mandate and functions, including to ensure that the rights of non-Muslims are protected in accordance with the human rights and fundamental freedoms enshrined in the Interim National Constitution as well as the principles stated in the CPA guiding judges and law enforcement agencies 'in dispensing justice and enforcing law' in Khartoum. The Commission should also ensure that 'non-Muslims are not adversely affected by the application of the Sharia law in the National Capital.
121. The members of the Commission (the Chairperson plus ten religious scholars (five Christians and five Muslims), ten community leaders, two traditions and customs experts, and one representative each from Khartoum State, the Judiciary, the Ministry of Justice, the Police, and National Security) were appointed by presidential decree on 15 February 2007. (8/07)

Constituency, 25 Party List, and 42 Women's List seats, equating to 93.52% of available seats. Independent candidates won 7 seats, all Geographical Constituency, while the SPLM-DC won 3 seats, 2 Geographical Constituency and 1 Women's List, with the NCP obtaining 1 Geographical Constituency seat. (05/10)

D) The Judiciary of Southern Sudan

150. The judges of the High Court and of the Court of Appeal of Southern Sudan were sworn in on 24 June 2006 and deployed by a decision of the President of the Supreme Court of Southern Sudan on 12 July 2006. (6/06)

152. On 12 July, the Supreme Court issued its first circular: Judicial Circular 1/2007 on the Applicable Law in Southern Sudan. The Circular directs the judiciary to apply the current laws of the New Sudan in all suits within the territory of Southern Sudan arising on or after 10 July 2005. For suits that arose before that date, the judiciary is to apply the laws of the New Sudan if the suit arose in SPLM-controlled territory and the relevant national laws if in territory controlled by the Government of Sudan. (7/07)

E) Commissions

153. On 27 June 2006, GoSS President Salva Kiir signed 14 presidential decrees making appointments to a number of Commissions and bodies: the Southern Sudan (SS) **Relief and Rehabilitation Commission**, SS **De-Mining Authority**, SS **Peace Commission**, SS **Anti-Corruption Commission**, SS **Human Rights Commission**, SS **Public Grievances Chamber**, SS **Reconstruction and Development Fund**, SS **Civil Service Commission**, SS **Land Commission**, SS **Fiscal and Financial Allocation and Monitoring Commission**, SS **Centre for Census, Statistics and Evaluation**, SS **HIV/AIDS Commission**, SS **Audit Chamber** and the SS **Employees Justice Chamber**. The decrees request the nominees to help draft legislation to establish the bodies, and to help determine their terms and conditions of service. (6/06)
154. On 22 August 2006, FVP Kiir issued a decree establishing the **Southern Sudan Security Committee**, with powers to be defined in the forthcoming National Security Act. (9/06)

A) States' Constitutions

155. On 19 October 2005, Vice-President Taha received a copy of the **model constitution for the Northern states**. Most of the states in the North had to revise their drafts in order to comply with the model constitution. The National Constitutional Review Commission (NCRC) did not draft the model Northern State Constitution. By 19 December 2006, all fifteen Northern states had adopted a Constitution. (12/06)
156. In December 2005, the SSCDC drafted the **model Constitution for Southern States**. After much wrangling between the Southern States and the GNU Ministry of Justice over the compatibility of the southern states' constitutions with the Interim National Constitution, all ten southern states adopted constitutions and received certificates of compatibility from the Ministry of Legal Affairs of GoSS by June 2007. In July 2007, the GNU Minister of Justice declared that he would issue a certificate to confirm the compatibility of Southern Sudan State constitutions and the INC. (7/07)

B) States' Executives

157. On 27 August 2005, the President appointed **Governors for 14 Northern States**: Khartoum, Sennar, Red Sea, North Darfur, North Kordofan, Kassala, Gedaref, Gezira, Blue Nile, White Nile, West Darfur and South Darfur. The Governor of Southern Kordofan was appointed at a

later date and took up his post on 20 October 2005. (07/08).

158. On 22 October 2005, the President of GoSS appointed **Governors for the ten Southern States**.(07/08)
159. The President of GoSS removed the Governor of Upper Nile State, Dak Duop Bichiok, from his post effective 18 February 2008 and appointed Gatluak Deng Garang (NCP) as his replacement.
160. On 14 November 2009, the GoSS President appointed William Othwon Awer as the new Governor of Upper Nile State (UNS) through a decree. (11/09)
161. On 22 January 2010, the President of the Republic sworn in Acting Governors of seven Northern States: Kassala, River Nile, White Nile, Northern Kordofan, Southern Kordofan, Gedaref, and Northern State in connection with the 2010 elections. (01/10)
162. Elections for Governors (Walis) of 15 Northern States and 10 Southern States were held in April 2010. An up-to-date list of the Governors of the Northern States can be found in [Annex 15](#).(05/10)

1.4

HUMAN RIGHTS

163. The signing of the CPA and the political and legal reforms that followed represent a key opportunity for the Sudanese Government to improve Sudan's human rights environment. The CPA cites Sudan's obligations to comply with international human rights treaties to which it is a party. These include the International Covenant on Civil and Political Rights (ICCPR); the International Covenant on Economic, Social and Cultural Rights (ICESCR); the Convention on the Elimination of Racial Discrimination (CERD); the Convention on the Rights of the Child (CRC); and the regional human rights instruments for Africa, the African Charter on peoples' and human rights. The CPA also calls on Sudan to endeavour to ratify other human rights treaties it has signed. These include the Convention against Torture and the Statute of the International Criminal Court.
164. The Interim National Constitution (INC) makes international human rights treaties, an integral part of its Bill of Rights, and provides for an independent Human Rights Commission with advisory powers.
165. On 29 December 2008, the Human Rights Committee of the National Assembly met to finalize the draft law of the National Human Right Commission. The draft law is in line with the rights mentioned in the National Interim Constitution. In the meantime, UNMIS Human Rights conducted workshops with the National Parliamentary Committees on the establishment process, mandate and functioning of the Human Rights Commission, and Southern Sudan Human Rights Commission (SSHRC).
166. On 24 April 2009, Sudan ratified the Convention on the Rights of Persons with Disabilities and its Optional Protocol. Its purpose is to promote, protect and ensure the full and equal enjoyment of all human rights and fundamental freedoms by all persons with disabilities, and to promote respect for their inherent dignity. The Optional Protocol allows for submission of individual communications to the Convention's monitoring Committee once domestic remedies have been exhausted. The Committee may also decide to conduct a confidential inquiry with the State, which could also involve a country visit.

A) National Human Rights Commission (NHRC)

167. On 21 April 2009, the National Assembly passed the National Human Rights Commission Act following inclusion of some amendments. (04/09)
168. The appointment of Commissioners to serve on the National Human Rights Commission in

Khartoum has still not taken place. The National Human Rights Commission Act provides that the Presidency will appoint commissioners following consultations at the Presidency. Civil society groups in October 2009 held a press conference and submitted a list of 15 potential candidates to the Presidency for consideration. (10/09)

169. The Independent Expert on the Situation of Human Rights in Sudan, Mohamed Othman Chande, concluded his three-week visit to the country with a press conference in Khartoum on 11 February. He noted positive developments, including the Fourth Human Rights Forum of 2 February, but also areas for improvement, including the pending appointment of Human Rights Commissioners, the National Security Law and institutional weakness in Southern Sudan. (02/10)

B) Southern Sudan Human Rights Commission (SSHRC)

170. In October 2006, GoSS President Salva Kiir issued a decree appointing the five members of the Southern Sudan Human Rights Commission (SSHRC). On 3 February 2009, the Southern Sudan Legislative Assembly passed the enabling legislation for the Commission. The Bill - which provides for the Commission's independence and adequate powers to carry out its current monitoring, investigation, advisory and promotional work - is largely in line with the Paris Principles (the international standards on National Human Rights Institutions). (02/09)
171. In February 2010, UNMIS Human Rights provided communication material to the Southern Sudanese Human Rights Commission, as part of its ongoing assistance to national human rights protection mechanisms. (02/10)
172. The Southern Sudan Human Rights Commission has established eight out of the ten state offices in Southern Sudan (Jonglei, Unity, Upper Nile, Western Bahr el Ghazal, Warrap, Eastern Equatoria, Western Equatoria and Central Equatoria). Upon the request of the Commission, UNMIS Human Rights continues to work with the SSHRC in building its capacities through provision of technical and logistical support and advisory services. (03/10)
173. During the month of September, the GoSS President appointed, Lawrence Gubanda, as Chairperson for the Southern Sudan Human Rights Commission (SSHRC). He is a former GoSS Secretary of State for State Affairs. (09/10)

2. Wealth-Sharing Agreement

2.1 LAND OWNERSHIP AND NATURAL RESOURCES

174. The CPA does not address issues regarding the ownership of land and natural resources. The Parties agree to establish a process to resolve this issue. However the CPA also provides for the establishment of a **National Land Commission** and a **Southern Sudan Land Commission** which, without prejudice to the jurisdiction of courts, may arbitrate between willing contending parties over land issues and make recommendations to government, for example regarding land reform and recognition of customary rights. The FAO is the lead UN agency for support to the Land Commissions.

A. National Land Commission (NLC)

175. On 20 April 2009, the National Assembly adopted the National Land Commission Bill. (4/09).
176. The National Land Commission, as envisaged in the CPA, remains to be constituted. (03/10)

B. Southern Sudan Land Commission (SSLC)

177. The Interim Constitution of Southern Sudan sets out the requirement for a Southern Sudan Land Commission and lays out its basic mandate and functions. In 2006, the **Southern Sudan Land Commission (SSLC)** was established with five members through a Presidential decree. (11/06)

2.2 OIL REVENUES (INCLUDING THE NATIONAL PETROLEUM COMMISSION {NPC})

178. The CPA establishes guiding principles for the management and development of the petroleum sector and sharing of revenues from the oil sector. It provides for the establishment of a National Petroleum Commission to formulate policies and guidelines on development of the oil sector, and monitor their implementation to ensure policies work in the best interests of the people of Sudan.

A) National Petroleum Commission (NPC)

179. The **National Petroleum Commission** was established on 30 October 2005 by presidential decree, and its membership announced in another decree on 1 November 2005.
180. The NPC held its first full meeting on 5 April 2007, chaired by President Al-Bashir and FVP Salva Kiir. The two parties agreed on the mechanism of negotiating new oil contracts and the formation and duties of the secretariat. The Rules of Procedures of the Commission have been signed by the co-chairs. (8/07)
181. On 25 August 2009, the National Petroleum Commission, co-chaired by President Bashir and First Vice President Kiir, met and reviewed a number of policy and procedural issues on endorsement of agreements on oil contracts. (08/09).

B) Sharing of Oil Revenues

182. The CPA and the INC provide for equitable sharing of oil revenue among oil producing states. Under the terms of the agreement, at least 2% of net oil revenue is allocated to the state or region in which oil is produced. Remaining revenues from oil produced in the South are divided equally between GNU and GOSS, while those from oil produced in the North accrue exclusively to the GNU. Transfers of oil revenue to the Southern Sudan and States level have taken place since 2005.
183. On 6 August 2008, in a meeting with the Assessment and Evaluation Commission (AEC) Wealth-Sharing Group, members of the Joint (GNU/GoSS) Committee for Monitoring, Calculating and Sharing of Oil Revenue provided an update on the current state of transfers to GoSS and oil producing states. The Committee informed that the cumulative total arrears due to GoSS from 2005, 2006 and 2007 now stands at US\$55.86 million. However, there are no arrears due to GoSS for the first half of 2008, and the total amount received by GoSS so far exceeded US\$1 billion. GoSS representative raised the issue of the Oil Revenue Stabilization Account (ORSA), where the differences (surplus) between the budgeted and actual oil revenues are kept and which is currently held in the Central Bank of Sudan. Since the banking system in the North is governed by Sharia law which forbids interest payments, GoSS would like the ORSA funds to be split between the GNU and GoSS so that it may collect interests (08/08)
184. According to a report on Sudan Oil Sector for the year 2008 released by the GoSS Ministry of Finance and Economic Planning, Sudan's total oil revenue for 2008 was \$6,566.04 million, of which the GNU share was \$3,677.74 million. In a separate report, the Ministry of Finance & National Economy indicated that the total oil revenue for GoSS for 2008 was \$2,888.20 million. According to the same report, by end of December 2008, oil revenue arrears in favour of GoSS stood at \$265.66 million. (02/09)
185. According to a half-yearly report by the Petroleum Unit of the GoSS Ministry of Finance and Economic Planning, Sudan's total oil revenues for the period January-June 2009 were \$787.01 million. It reports further that the shares of the GNU and GoSS stood at \$422.15 million and \$364.86 million, respectively. Meanwhile, the GNU paid back to GoSS approximately \$52 million that it had deducted unilaterally as GoSS contribution to national elections. (08/09)
186. According to the Ministry of Finance and National Economy, an amount of approximately \$666.14 million had been transferred to GoSS between July and October 2009. The Petroleum

Unit of the GoSS Ministry of Finance and Economic Planning confirmed that these transfers included a withdrawal of \$254.36 million from the Oil Revenue Stabilization Account and an initial direct expenditure deduction of \$19.81 million. (01/10)

187. According to a GoSS Ministry of Finance and Economic Planning report, Sudan's total oil revenue in 2009 from oil resources in the Southern Sudan was \$2,566.16 million, of which GoSS share was \$1,067.7 million. (02/10).
188. According to a report of the Petroleum Unit of the GoSS Ministry of Finance and Economic Planning, the national government has transferred approximately \$669.92 million to the GoSS in the first quarter of 2010 as its share of oil revenue. (06/10)

C) Existing Oil Contracts and Compensation

189. The CPA stipulates that "existing oil contracts" mean contracts signed before the date of the signing of the CPA and that the SPLA (and *the GoSS*) shall appoint a limited number of representatives to have access to all existing oil contracts.
190. According to the CPA, people whose rights have been violated by oil contracts are entitled to compensation. However, no action has been taken to compensate victims of such contracts provided for in the wealth-sharing agreement.

2.3

NON-OIL REVENUE

191. The CPA provides for the sharing of non-oil revenue from federal sources in the South, including customs and immigration, airport taxes, etc.
192. According to the Ministry of Finance and National Economy, the Government of Southern Sudan collected a total of 34.2 million Sudanese pounds in 2008 in Southern Sudan in the form of taxes. After an adjustment of 8 per cent administrative charges, the balance has been divided equally between the national and Southern Sudan governments. (03/09)
193. According to the national government Ministry of Finance and National Economy, a total of approximately \$18.86 million non-oil revenue was collected in Southern Sudan in 2009. (06/10)

2.4

BUDGET AND FISCAL DECENTRALIZATION

194. In the CPA, the Parties agreed on general principles related to the fiscal process including transparency, decentralization and a commitment to reduce regional inequities. The CPA also sets out which taxes may be collected by different levels of government, and further specifies that all nationally collected revenues are to go into a National Revenue Fund to be transparently allocated, while states and the Government of Southern Sudan shall retain and dispose of income collected under their own taxing powers. The CPA also provides that each level of government shall be liable for its own borrowing.

2.5

FISCAL AND FINANCIAL ALLOCATION AND MONITORING COMMISSION (FFAMC)

195. The Fiscal and Financial Allocation and Monitoring Commission (FFAMC) was established by presidential decree on 15 November 2005. A task force led by the Joint National Transition Team worked on developing legislation and the FFAMC's terms of reference. The FFAMC initially got off to a slow start, raising concerns over delays in transfers of national revenues to states, in particular to the Three Areas. The FFAMC established a Technical Secretariat and a Panel of Experts in May 2006. (05/06)
196. On 28 June 2010, the National Assembly approved the appointment of Izzeldeen Ibrahim, Alhadi Abdelsamad, Abdelhameed Altijani, Awatif Yousif Mohammed, and Abdelmoniem

Mahmood as members of the Panel of Experts of the Fiscal and Financial Allocation and Monitoring Commission (FFAMC). (06/10)

2.6 NATIONAL AND SOUTHERN SUDAN AUDIT CHAMBERS

197. On 27 June 2006, GoSS President nominated four appointees to the **Southern Sudan Audit Chamber**, though it remained without legislative basis. Enabling legislation for the **Southern Sudan Audit Chamber** was submitted to the GoSS Ministry of Legal Affairs and Constitutional Development in March 2007. (3/07)
198. The National Assembly passed the **National Audit Chamber Act** and related audit legislation in June. (6/07)
199. The President of GoSS in February 2008 removed Barnabas Majok from the position of the Southern Sudan Auditor General and appointed the Secretary General of GoSS as a caretaker of the Audit Chamber until the appointment of a new Auditor General. The decision follows a vote of no confidence in the Southern Sudan Legislative Assembly against Majok last December, accusing him of financial impropriety and failure to deliver services in auditing government accounts. (02/08)

2.7 JOINT NATIONAL TRANSITION TEAM (JNTT)

200. The **Joint National Transition Team (JNTT)** was established in Nairobi on 9 March 2005. Originally foreseen as having an important role in resource mobilization and implementation of the findings of the Joint Assessment Mission (JAM), the NCP and SPLM agreed in June 2005 that the JNTT should cover the CPA's power-sharing as well as wealth-sharing provisions. Following the formation of the GNU and GoSS, and the appointment of several **JNTT** members to new positions, there was some doubt as to the composition and role of the body. Though the JNTT chaired initial meetings of the MDTF Interim Oversight Committees, further to the formation of the GNU and GoSS, the role was later taken over by the respective Ministries of Finance. The JNTT played an important role in preparations for and during the Sudan Consortium meeting on 9 and 10 March 2006 in Paris. (9/06)

2.8 BANKING AND CURRENCY

A) Banking

201. In June 2005, the JNTT reported that the **Bank of Sudan** had been restructured to accommodate a **dual (Islamic and conventional) banking system**, as per the provisions of the wealth-sharing agreement. On 18 July 2005, the GoSS and the Central Bank of Sudan signed a Memorandum of Understanding, and the Bank of Sudan opened its Juba branch on 19 July 2005. (7/06)
202. The **Central Bank of Sudan Act** was adopted by the National Assembly in October 2005 and signed into law in November 2005.

B) Currency

203. Sudan's new national currency, **the Sudanese Pound**, was launched in Juba on 9 January 2007, as part of the ceremonies marking Peace Day and in fulfilment of the CPA requirement. The Bank of Southern Sudan started in April 2007 to collect foreign currency belonging to Uganda, Ethiopia and Kenya to be returned to those countries. On 1 July 2007, the Sudanese Pound officially replaced the Dinar as legal tender. The transition went smoothly. (7/07)

2.9 RECONSTRUCTION AND DEVELOPMENT FUNDS (INCLUDING MDTFS)

A) Multi-Donor Trust Funds (MDTFs)

204. The **MDTFs** (National and South) became operational in June 2005. The National and

Southern Sudan MDTFs held their first Joint Oversight Committee in Khartoum on 22 July. Overall disbursement from the MDTFs has been slower than expected. These are attributed partly to the complexity of the MDTF mechanism and World Bank procedures.

205. The second meeting of the **Sudan Consortium** was held on 19-21 March 2007 in Khartoum and Juba. Donors made it clear that they would not be able to continue to finance recovery and development efforts in the North unless there was progress in Darfur. They recognized that GoSS had made significant progress in 2006, but urged GoSS to focus on building of public institutions for good governance, establishing basic infrastructure links, enabling productive activities and delivering basic services. Donors also called for a review of aid mechanisms, including the establishment of new priorities and costing for the second phase of the original Joint Assessment Mission. (3/07)
206. By the end of August 2007, the MDTFs had received \$384.8m (\$132.5m for the National MDTF and \$252.4m for the Southern Sudan MDTF), of the \$561.3m pledged at and since Oslo. (8/07)
207. The third meeting of the Sudan Consortium was held in Oslo from 5 to 7 May 2008. Jointly chaired by the GNU and GoSS, and organized by the UN and the World Bank, the Consortium reviewed the progress in the implementation of the social and economic aspects of the CPA and Joint Assessment Mission commitments for the period 2005-2007, and agreed on the recovery and development priorities for the second half of the CPA period (2008-2011). At the meeting, donors pledged about US\$4.8 billion in total support to humanitarian, recovery and development efforts in Sudan for the period 2008-2011. Part of the funds for development efforts will be channelled through two complimentary mechanisms-the Multi Donor Trust Funds and the newly created Sudan Recovery Fund. (05/08)

3. The Three Areas: Abyei, Southern Kordofan and Blue Nile States

3.1

ABYEI

A. Determination of Geographic Boundaries

208. The **Abyei Boundaries Commission** (ABC) was mandated to define and demarcate the area of the nine Ngok Dinka Chiefdoms transferred to Kordofan in 1905, referred to as 'the Abyei area'. The ABC submitted its final report to the Presidency on 14 July 2005. However the Presidency failed to agree on adoption of the report.
209. In May 2006, the NCP/SPLM Joint Leadership meeting referred the deadlock over the Abyei Boundaries Commission (ABC) report to its political sub-committee for consideration. Four options were to be considered: a) reach a political agreement; b) call on the ABC experts to defend their recommendations; c) refer the matter to the Constitutional Court or d) seek arbitration by a third party. The parties did not specify a timeframe. On 2 September 2006, the political sub-committee reported deadlock to the NCP-SPLM Joint High Political Committee, but was tasked to continue its discussions. (10/06)
210. At the invitation of GoSS and following strong criticism by the NCP, the experts of the Abyei Borders Commission made a one-day visit to the South on 15 September and met at the South Sudan Legislative Assembly's headquarters in Juba with MPs, GoSS officials and civil society representatives to defend their findings. They stressed that they based their decision on scientific facts and that they had not overstepped their mandate. (9/07)
211. On 22 July 2009, the Abyei Arbitral Tribunal at the Permanent Court of Arbitration rendered its decision in the Abyei dispute, finding that the Abyei Boundaries Commission (ABC) had exceeded its mandate in some locations, but it also upheld ABC recommendations in others. The Tribunal determined that the Abyei Area's northern boundary lies along latitude 10°10' North, its western boundary along longitude 27°50' East, and its eastern boundary along longitude 29°00' East. The SPLM, NCP, and senior Misseriya and Ngok-Dinka tribal leaders all

publicly reaffirmed their commitment to accept the PCA decision as final and binding. The NCP and SPLM announced plans to complete demarcation of the boundary on the ground by September 2009. A map of the Abyei Area Tribunal Boundary can be found in [Annex 28](#).(07/09)

B) Administrative Structures

212. On 31 December 2007, GoSS President Salva Kiir issued a decree appointing a key SPLM Abyei leader, Edward Lino, as Chairman of SPLM in Abyei Area. According to the decree, Lino will be answerable to the SPLM Chairman and a member of the Interim Political Bureau. Presidential Advisor Mustafa Osman Ismail said in a press statement on 4 January that the appointment of Lino does not violate the Abyei Protocol and that NCP will wait and judge Lino by his actions. (12/07). In March 2008, the NCP, however, issued a statement, rejecting the appointment of Lino 'in the strongest possible terms,' and describing it as an act that 'transgresses the authority of the Presidency which owns alone the decision to appoint the administration of Abyei' under the CPA. It also called for removal of the administration. (03/08)
213. On 8 June 2008, President Al-Bashir issued Republican Decree 146 adopting a landmark agreement between the NCP and the SPLM entitled '**Roadmap for Return of IDPs and Implementation of Abyei Protocol**'. The four main points outlined were: security arrangements, return of IDPs, an interim administration and final arbitration. (06/08)
214. *Terms of the Abyei Roadmap*: The parties agreed that a newly-formed Joint Integrated Unit (JIU—comprised of elements other than those involved in the Abyei clashes) would deploy within 10 days of the signing of the accord (i.e. 18 June), and that a police force would be deployed within two weeks of the signing. Following the deployment of JIUs and police, SAF and SPLA forces would redeploy out of the administrative area (delineated in a map attached to the Roadmap agreement). Both parties committed to an investigation into the violence to be conducted by the CJMC. The road map stipulates that the Presidency within two weeks would also set up an interim administration led by SPLM, with an NCP deputy; that IDPs could return to Abyei after the security arrangements were complete; and that GoNU would work with international organizations and the area administration to provide for their needs. The parties furthermore agreed that oil revenues from the area under arbitration shall be shared according to the Abyei Protocol and that both parties shall contribute an agreed percentage of those shares to a fund for development of the areas along the North-South Border. Finally, both parties agreed to resort to arbitration to resolve the dispute over the findings of the Abyei Boundaries Commission and to abide by and implement the decision of the arbitration tribunal. (06/08)
215. **Implementation of the Abyei Roadmap**: On 8 August 2008, the Presidency appointed Arop Mayak Mony Tock (SPLM) and Rahama Abdelrahman al-Nour (NCP) as Chief Administrator and Deputy Administrator, respectively, of the interim Abyei Area Administration. They were sworn in on 31 August. (08/08)
216. On 6 October 2008, two Presidential decrees were issued appointing remaining members of the Abyei Executive and Area Councils according to the Abyei Roadmap Agreement. Five heads of administration have been named; however, assignments as heads of specific departments are yet to be confirmed. (10/08).
217. In accordance with the provisions of the Abyei Roadmap, the redeployment of SAF and SPLA from the Roadmap Area was completed on 8 March 2009. The Sector VI AJMC accepted the redeployment completed on 13 March 2009; the CJMC at its 92nd meeting held on 24 March expressed its appreciation to Sector VI for the effort of the implementation of the Roadmap. (03/09)
218. JIU have deployed to Balom and Bajadiid in order to provide security along the Misseriya migration route. The Joint Integrated Police Unit (JIPU) comprising 334 (179 from the South and 155 from the North) has been deployed and is policing Abyei town, Agok and Abathok. (04/09)

219. Further to the Abyei Protocol and Abyei Roadmap Agreement, implementation of the Abyei Area Administration took effect on 11 November 2008 with the swearing in of five Executive Council Members. The Secretaries are to head five departments which are Administration, Governance and Human Resources; Finance and Economic Planning; Agriculture, Animal and Natural Resources; Social Services and Cultural Affairs; and Public Utilities and Infrastructure. They would report directly to the Chief Administrator. Policing will be managed separately by Office of the Chief Administrator under a 'Security Commission.'(11/08)
220. In May 2009, the Presidency provided funds of SDG five million for the Abyei Area Administration to facilitate payment of salaries and overhead costs. In addition, some funds were approved for the restructuring of the Abyei Area Administration of over 1200 posts within the administrative structure. (05/09)
221. The 4th session of the Abyei Area Legislative Council (AALC) opened in Abyei on 20 October 2009. At the opening session, Abyei Area Chief Administrator Arop Moyak Monyoc expressed appreciation on the ongoing collaboration between the Executive and the Legislature and enumerated challenges faced by the Abyei Administration, including on the restructuring of the traditional administration, the problems faced by the Abyei Border Demarcation Committee, the absence of courts and the Judiciary and the need to ensure peace and security during the upcoming migration season. (10/09)
222. In a presidential decree effective 30 December 2009, Deng Arop Koul replaced Arop Moyak Monyoc as Abyei Area Chief Administrator. (01/10)

C) Security Arrangements

223. **Movement restrictions:** In March 2006, SAF notified UNMIS that a number of towns in the north of UNMIS Sector VI - including Al Fula, Muglad and Meiram – were to be excluded from monitoring and verification, restricting the area of operation of UNMOs to about 30% of the Sector. In September 2006, SPLA representatives informed the CJMC and the CPC that it would also be imposing restrictions on the movement of UNMIS monitors south of Abyei. In February 2007, further restrictions were imposed on UNMIS reducing the movement of UNMOs to the Abyei area - no more than 15km².
224. Since the implementation of the Abyei Roadmap, UNMOs and TCCs have enjoyed freedom of movement within the Abyei Administrative Area.(08/08)
225. In December 2008, a high-ranking Joint Monitoring Team and the Chief Administrator for Abyei, the Sector Commander, the UNMO Coordinator, AJMC members and UNMOs monitored the withdrawal of SPLA and SSPS from Agok. The MP Platoon from 13 (SPLA) Brigade consisted of 2 officers and 37 soldiers with 37 x AK-47 rifles. The Police Service detachment included 12 police officers and 29 men; the Prison Service detachment consisted of 4 officers and 58 men; the Fire Service detachment included 5 officers and 27 men; while the Wildlife Services detachment consisted of 7 officers and 37 men. The JMT, including representatives from the SAF, SPLA and UNMIS verified the above troop numbers and weapons. Ten SSPS policemen will remain in Agok until the JIPU arrive to take over policing of the town. The withdrawal of forces from Diffra is expected to be announced soon. (12/08)
226. On 21 December 2009, JIPU has deployed in AGOK consequent to the redeployment of SSPS from the area. (01/09)
227. On 18 January 2009, a special patrol consisting of the Sector Commander, JIU Commander, UNMO Coordinator, JIU cell and the AJMC National Monitors from SAF / SPLA monitored the withdrawal of SAF soldiers from the Diffra oil field area. It has reported that 21 soldiers redeployed to HQ 31 BDE and ten soldiers remained behind to guard storage containers that could not be lifted on that day. Heavy lifting equipment will be required to move the large SAF accommodation container. It is anticipated this will occur in near future. (01/09)

228. Nine months after the signing of the Abyei Roadmap, SAF redeployed its last ten soldiers with two storage containers from Diffra on 8 March, and SPLA a Logistic Base from Agok on 2 March 2009. (03/09)

D) Reconciliation Process

229. Several confidence-building initiatives have been organized by UNMIS between the Dinka Ngok and the Misseriya around the issue of migration, including workshops and a peace conference. For example, in July 2007, the UN sponsored an agreement between the Misseriya and Dinka Ngok to coordinate the annual migration movement of Misseriya nomads in Abyei through a joint Leaders' Committee. (7/07)
230. In November 2007, with the onset of the migration season, Sector VI facilitated an initial meeting between Dinka Ngok and Misseriya leaders on this year's migration. Reconciliation on nomad migration routes were agreed upon by both sides and have been adopted into resolutions to be implemented. (11/07)
231. UNMIS Civil Affairs in Bor, Jonglei State and the Regional Office continued to facilitate and support the works of the Murle-Lou Nuer Joint Cease-Fire Committee in preparations for the Murle-Lou Nuer Peace and Reconciliation Conference scheduled for 11 September 2009 in Bor. (08/09)
232. In November 2009, UNMIS Civil Affairs in Abyei, in collaboration with UNDP, organized a conflict resolution workshop for the Payam and Boma Administrators in Abyei to help reactivate the local-level Conflict Mitigation Committees at the Payam and Boma levels. More than 20 Administrators and Boma Chiefs participated in the workshop. The Committees are expected to help facilitate a peaceful migration season by meeting with nomads and their leadership in their respective areas. The participants were trained on basic conflict resolution skills. (11/09)
233. On 1 December 2010, President Salva Kiir of the Government of Southern Sudan issued two presidential decrees to reinstate Maj. Gen. Dau Aturjong to the SPLA, effective 1 December 2010, and to establish a high level committee to hold talks with Lt. Gen. George Athor, an SPLA commander who rebelled after unsuccessfully standing for election for the post of the Governor of Jonglei State. (12/10)

234. On 13 January 2011, traditional leaders of the Dinka Ngok and the Misseriya, with the facilitation of UNMIS and key government leaders, reached agreement on a number of arrangements that aim at ensuring their peaceful co-existence, including the establishment of mechanisms to facilitate the movement of the Misseriya pastoralists and their herds throughout the Abyei area; payments and compensation for persons killed and livestock lost in various security incidents in 2010; and the safe passage for IDPs returning to Southern Sudan and Abyei particularly through South Kordofan State.

235. On 17 January 2011 at a high level security meeting in Kadugli, the parties discussed issues relating to security arrangements in Abyei and the protection of returnees who transit through Southern Kordofan State to the South and Abyei. This so called 'Kadugli Agreement of 17 January' includes the removal of the Joint Integrated Police Units from migration routes and the deployment of two Joint Integrated Unit battalions, facilitated by UNMIS; the formation of a technical committee to resolve police issues in Abyei; freedom of movement for returnees; freedom of movement and grazing for nomads to Abyei and the southern states. (01/11)

A) Geographic Boundaries

236. On 16 August 2005, President Al-Bashir issued a decree declaring the **Boundaries of Southern Kordofan State** to be the previous boundaries of Southern Kordofan Province as defined in the 1974 Act of the division of provinces. Some parts of Western Kordofan were thus merged into Southern Kordofan. Some parts of the boundaries of Southern Kordofan

remain unclear pending the resolution of the boundaries of Abyei and the final demarcation of the 1956 North-South Border.

237. Redeployment of SAF and SPLA neared completion at the end of July 2008. A formal handover in the area of security from SPLA to the new JIU took place in Manyang on 28 July. By the end of the month, the JIU had deployed to Abyei town and started its patrols. JIU stations are to be established in Manyang, Balom/Diffra, Todach and Agok. UXOs left behind by SAF and SPLA are currently being disposed of.
238. The **Legislative Council of Southern Kordofan** was formed on 12 December 2005 and convened on 22 December 2005 with 54 members (30 NCP and 24 SPLM), seven of whom were women. Ibrahim Balandia (NCP) was appointed Chairman.
239. The formation of the Southern Kordofan government was plagued by delays in 2006, mainly due to failure to adopt the state constitution. The resulting partial paralysis of the executive prevented the appointment of ministers and the proper functioning of the legislature. A caretaker government was eventually set up on 7 March 2006.
240. The work of the legislature remained blocked over a disagreement on whether its chairmanship should be rotated between the parties on a regular basis. On 11 November, the Presidency took the decision to leave the chairmanship of the Legislative Council with the NCP, the deputy position with the SPLM, and create a new position of 'Leader' of the Council, to be filled by the SPLM. On 21 November 2006, the Legislative Council accepted the final draft of the **state constitution**. On 19 December 2006, the constitution was formally adopted in Kadugli in the presence of Vice President Taha. The Council met in full session for the first time on 13 March 2007 and is now a functioning body.
241. The second session of the Southern Kordofan Legislative Council since the ratification of the state constitution took place in Al Fula, the state's second town, in April 2007. This fulfilled the CPA requirement of alternating legislative sessions between Kadugli and Al Fula. The Legislative Council created ten permanent committees, the members of which were announced at the session. (4/07)
242. On 1 July 2007, President Al-Bashir sworn in Omer Suleiman Adam (NCP) as the new **Governor of Southern Kordofan State**, replacing Ismail Khamis Jallab (SPLM). The new Deputy Governor, Daniel Kodi (SPLM) was appointed on 17 July 2007, replacing Eissa Bashari (NCP). The rotation of Governors should have taken place in April 2007, but was postponed by mutual consent.
243. At the end of December 2007 and beginning of January 2008, the Governor appointed the state cabinet (five ministers from SPLM, including Deputy Governor, and five from NCP as well as government advisors and locality commissioners. ([Annex 17](#)).
244. On 26 July 2007, an Assessment and Evaluation Commission for Southern Kordofan State was created by a presidential decree, just after the end of the second year of the Interim period deadline stipulated by the CPA (07/07). On 12 February 2008, President Al Bashir appointed El Dirdeiri Mohamed Ahmed and Neron Philips as co-chairs of the Commission. (02/08)
245. In May 2009, the President of the Republic appointed Ahmed Haroun as the Governor of Southern Kordofan State. (05/09)
246. In November 2009, the Southern Kordofan State Governor issued a special decree forming a Special Committee to facilitate the integration of 1708 SPLM civil servants into the political and administrative structure of the State, according to a senior State civil service officer. The Committee, chaired by the State Secretary-General, is supported by two other technical committees tasked to classify and define the pay scale for each individual staff based on their qualifications and work experiences. Accordingly, the allocation of staff to the State Ministries and local government units will be based with the current administrative structure. The

Committee was given three weeks to present its recommendation(s). (11/09)

247. On 25-29 April 2010 an orientation training for the 415 newly integrated civil servants (from areas previously controlled by SPLM) was held Kadugli. Earlier in March, the Technical Committee formed to oversee the integration released two final lists of staffs (793+213) to be integrated into State Ministries of Education and Health, respectively. (04/10)
248. On 15 June 2010, in Southern Kordofan, the re-run of the population census kicked off across the state. (06/10)
249. On 25 October, the Presidency released the census results for Southern Kordofan State, with the state's population at 2,508,268. (10/10)
250. On 21 November, in Southern Kordofan State, the State Governor restructured the Preparatory Committee for Popular Consultation (PC) by decree. The new structure is co-chaired by the Governor (NCP) and the Deputy Governor (SPLM), with the State Assembly Speaker and the Deputy Speaker as deputies. The Committee includes representatives from all other political parties in SKS and 26 other actors (CSOs, state and local officials, tribal leaders, etc.) as members. The committee will mobilize and coordinate the joint efforts of the state, the national government and partners, for the success of the PC process in SKS, and carry out civic education and awareness activities. (11/10)

251. In South Kordofan State, a Preparatory Committee chaired by the Governor was formed to facilitate the popular consultation process. A popular Consultation Parliamentary Commission (PCPC) will need to be elected by the Parliament following the elections scheduled for May 2011 in order to begin the process officially. (01/11)

B) Security Arrangements

252. The security situation is relatively calm. Disputes over land and water resources between nomads and farmers throughout the state continue to be the main source of conflict between nomads and farmers, sometimes resulting in death and injury, destruction of property, and displacement of people. Apart from security issues associated with migration, incidents continue between settled Arab and Nuba tribes, albeit at a lower level than in previous years. While these are mostly resource-based, the fundamental problem can almost invariably be traced to unresolved problems of land ownership which are often politicized. (03/09)
253. Pre-registration of PDF, SAF and SAF personnel earmarked for Disarmament and Demobilization was successfully completed in April 2007. (4/07)
254. During July 2007, SPLA units in the Sector IV AOR of Southern Kordofan (Sector IV) began to withdraw to the White Lake/Jaw assembly areas to await redeployment south of the 1-1-56 line. Some SPLA units have already moved south of the line, but most remain at the assembly area. The process was slow, in part due to logistical problems associated with heavy rain. In April 2009, after long preparations Sector IV conducted a successful Verification at White Lake/Jaw, which has to be continued after agreement at AJMC level.
255. On 22 December 2007, armed clashes were reported between the SPLA and the Misseriya (Awlad Kamil) at Al Girinti (Um Sha'ara), near Al Meiram in the western part of the Southern Kordofan State. The fighting renewed on 23 December in the area of Al Jurf, 90 kilometres south of Al Meiram. Misseriya armed elements attacked an SPLA camp in Al Jurf (river bank), in retaliation for the killing of their kin a day earlier. The Misseriya alleged that the attack occurred when the Misseriya refused to pay heavy levies on cattle imposed by the SPLA as crossing fees to the South. Some SPLA sources informed that the fighting broke out when armed Misseriya nomads attempted to force their way behind River Kiir/Bahr Al Arab, which the SPLA considers the 1.1.1956 borderline between the North and the South. An UNMIS facilitated visit of the Governors of SKS and NBeG on 30th December resulted in a truce.

3.1 - 21BBlue Nile State (BNS)

(12/07)

256. The last three traditional Baggara migration have been relatively incident free. In an effort to reduce the risk of violent confrontations, dialogue at several levels between UNMIS, representatives of NCP and SPLM/GoSS, and Dinka, Nuer and Baggara leaders was initiated and is continuing. The most contentious issue is whether the nomads should be allowed to carry arms south of 1-1-56 line (03/09)

C) Returns

257. Estimates of number of returnees to the state since the beginning of 2006 (UN assisted, state sponsored and spontaneous) vary, but according to IOM are in the vicinity of 307,000 with the overwhelming majority (around 300,000) being spontaneous. As organized returns have been discontinued, the UN effort is concentrated on assisting spontaneous returns; this is mostly manifested in food and non-food item distribution to the returnees and providing assistance for their reintegration in the chosen location of settlement. (03/09)
258. A workshop entitled 'Creating Opportunities for Youth Employment in Sudan' organized jointly by GNU and 13 UN Agencies was held in Kadugli, Southern Kordofan State on 13 October 2009. The workshop aimed to create job opportunities for youths aged 15-24 years, in particular the returnees and demobilized soldiers. (10/09)

3.1

BLUE NILE STATE (BNS)

A. State Executive, Legislature and Administration

259. The Blue Nile State Government was formed on 5 December 2005, comprising eight ministers including five locality commissioners. In November 2007, the number of localities increased to six by the establishment of Al-Tadamon Locality. The state legislative body was also instituted. Seats were allocated according to the formula stipulated in the CPA (NCP 55%/ SPLM 45%). The state cabinet was sworn in on 7 December 2005. Certain groups, mainly from the Ingesna and Arab tribes in the western part of Blue Nile State, protested the Government's lack of inclusiveness.
260. On 1 July 2007, President Al-Bashir issued a decree appointing Malik Aggar (SPLM) as Governor of Blue Nile State, replacing Abdulrahman Mohamed Abumedian (NCP). The rotation should have taken place in February 2007: Aggar's predecessor had been appointed in August 2005 and the CPA stipulates that control of the governorships of Blue Nile State should have switched between the NCP and the SPLM after the initial appointee had served 18 months. Ahmed Kremano (NCP) was appointed Deputy Governor in place of Zayed Issa Zayed (SPLM). Both Aggar and Kremano were sworn in at a ceremony on 3 July. (7/07)
261. On 26 July, an Assessment and Evaluation Commission for Blue Nile States was created by presidential decree (7/07). On 12 February 2008, President Al Bashir appointed Abdel Rahim Mohamed Ali and Eisa Zayed as co-chairs of the Commission (02/08).
262. On 21 April 2008, the head of the Blue Nile Assessment and Evaluation Commission, Abdel Rahim Osman, informed local media that the Commission has completed a tour round the State to assess NCP-SPLM efforts to implement the CPA in Blue Nile State. He confirmed consensus among the two parties on the importance to implement the agreement and said that emerging political or executive differences did not impact the implementation process. (04/08)
263. On 24 September 2009, a reshuffle of NCP ministers in the government of BNS took place. Three ministers lost their portfolio while three were given cabinet post. The newly-appointed ministers are Omda Obaid Mohamed Suliaman Abushotal (Culture, Youth & Sports); Fidail Abdelrahman Ogail (Local Government); and Al Agib Abbas Zarroug (Education). In addition, three advisors were also appointed. (09/09)

4.1 - 22B Ceasefire Political Commission (CPC)

264. A delegation of the Three Areas Working Group of the Assessment and Evaluation Commission (AEC) visited Ed-Damazin and Kurmuk in Blue Nile State on 14-15 October 2009 to assess the status of CPA implementation in the State. The delegation composed of international community representatives (US, UK, Norway, Netherlands, Kenya, IGAD, EU, and AU) and the two CPA partners. (10/09)
265. In April 2010, Malik Aggar was elected as the Governor of the Blue Nile State. Members of the State Legislature were also elected in the same month. (05/10)
266. On 18 September, in Blue Nile State (BNS), the Parliamentary Popular Consultation Commission (PCC) was established with the passage of the Popular Consultation Act by the State Assembly. The Commission is led by MP Sirag Hassan Attaelmanan (NCP) as the Commission Chairperson and Musa Kenji (SPLM) as the Secretary. It has 21 members (13 NCP and 8 SPLM) as stated in the Act. (09/10)
267. On 20 October, the PCC launched a civic education campaign on popular consultations in Ed-Damazin. This state-wide awareness programme is funded by the USAID and implemented by civil society organizations. The campaign is scheduled to end on 20 November, followed by the consultation process in 87 centres (three in each geographical constituency) across the state. (10/10)

268. On 14 January 2011, the Popular Consultation Parliamentary Commission started public hearings in 116 centers in six localities of Blue Nile State. (01/11)

B, Security Arrangements

269. Joint Integrated Units have been established in Sector V (Damazin). However both parties continue to be slow in filling their respective quota of troops and in deployment to all eight agreed locations, complaining of logistical problems. As of September 2009, the 8 JIUs locations are now occupied by SAF and SPLA. But still to be filled with the agreed quota in all locations: Um-darfa, Menza, Wadal Mahe. Dindiro, Ulu, Gissan, Kurmuk and Taliya.
270. On 10 August 2009, an official ceremony marking the end of demobilization operations in Blue Nile State was held in Ed-Damazin. A total of 5443 ex-combatants drawn from SAF, SPLA and PDF were demobilized. (09/09)

4. Security Arrangements

4.1 CEASEFIRE POLITICAL COMMISSION (CPC)

271. Fighting broke out between SPLA and SAF JIUs elements in Malakal on 24-26 February, following the return of Major General Gabriel Tang to the town on 23 February whose presence in the area increased tension due to his involvement in the earlier Malakal incident of November 2006. Around 57 people including civilians were reported killed in the clashes. The CJMC held two emergency sessions on 23 and 26 February in Khartoum and Malakal respectively and agreed on a number of decisions to de-escalate the situation. The implementation of these decisions together with those of the GNU-GoSS High level committee led by GoSS Vice President Machar which was sent to Malakal succeeded in stabilization of the security situation. By the end of the month the security situation was stable but tense. (02/09)
272. The **Ceasefire Political Commission (CPC)** is mandated to supervise, monitor and oversee the implementation of the permanent ceasefire and security arrangements implementation modalities. It reports directly to the Presidency. The CPC is expected to settle deadlocks referred to it by the Ceasefire Joint Military Committee (CJMC) and provide disciplinary measures for violations. It can propose amendments to the ceasefire arrangements and refer any deadlocks over implementation to the Presidency. The chairmanship of the CPC is to be rotated between the parties. In addition to the Parties themselves, membership of the CPC includes the UN SRSG or his deputy, IGAD and the IGAD Partner's Forum.

4.2 - 23B Ceasefire Joint Military Committee (CJMC)

273. The CPC was established on 27 August 2005 by presidential decree and its membership announced on 1 November 2005. It convened its first meeting on 23 February 2006. The CPC meets routinely on the last Thursday of the month, but the rules of procedure allow both the Parties and the UN to call an ad hoc meeting of the CPC. The CPC continues to meet regularly. However, its performance as a body for resolution of disputes over ceasefire issues has been uneven. Issues referred up from the CJMC have frequently become deadlocked at the CPC level.

Recent CPC Meetings

274. The Ceasefire Political Commission held its 29th regular meeting on 31 March 2010 in Khartoum. The CPC secretariat informed the meeting of its contacts with the National Elections Commission, the Border Demarcation Committee and the DDR Commission in order to enhance their mutual coordination on security related issues during the election. (03/10)
275. On 30 June 2010, the 31st meeting of the Ceasefire Political Commission (CPC) was held in Khartoum. The meeting discussed, among other issues, steps to expedite the interface between the Joint Defence Board (JDB) and the Ceasefire mechanisms to ensure security and stability during the upcoming period. (06/10)
276. The 32nd CPC meeting remain in Khartoum on 27 Oct 2010 was postponed. New date is to be determined. (10/10)

277. [No CPC meeting took place during the period under review. \(01/11\)](#)

4.2 CEASEFIRE JOINT MILITARY COMMITTEE (CJMC)

278. The CPA instructed SAF and SPLA to establish a **Ceasefire Joint Military Committee (CJMC)** covering the territorial jurisdiction of the Ceasefire Agreement and answerable to the Ceasefire Political Commission (CPC). The CJMC is composed of senior military representatives of SAF and SPLA and is chaired by the UNMIS Force Commander.
279. The first CJMC meeting was held in Juba on 8 May 2005. The Committee agreed to convene fortnightly meetings and also agreed the Terms of Reference of both the CJMC and the Area Joint Military Committees (AJMCs). The CJMC has continued to convene regularly and has supported open and frank discussion between the parties and the resolution of concerns around military violations of the CPA.

A. Recent CJMC Meetings

280. [The 133rd and 134th meetings of the CJMC were held in Khartoum on 7-8 January and 24-25 January 2011 respectively. SAF redeployment is at 100 per cent, while SPLA remains at 37.7 per cent. \(01/11\)](#)

B. Freedom of Movement of UNMOS

281. According to the Status of Forces Agreement (SOFA), UNMIS Joint Military Teams enjoy guaranteed freedom of movement throughout the Ceasefire Zone. However both Parties have imposed restrictions on UNMO movement in Abyei (Sector VI). In October and December 2006, movement restrictions in Abyei were lifted temporarily but were re-imposed on 28 February 2007.
282. Since the implementation of the Abyei Roadmap, the UN enjoys freedom of movement within the Abyei Administrative Area. Sector 6 has established two temporary bases in Agok and Difra. (08/08)
283. The restriction of freedom of movement by SPLA to UNMIS from accessing Akur area South of Abyei took centre stage for during the month of June. SPLA claimed that the area belongs to

4.3 - 24B Area Joint Military Committee (AJMC)

Sector II, whereas according to the Abyei Roadmap Area, Akur is within the Roadmap Area. CJMC is trying to resolve the issue. (06/09)

4.3 AREA JOINT MILITARY COMMITTEE (AJMC)

284. The **Area Joint Military Committees** (AJMC), which coordinate all the ceasefire related monitoring and verification activities in the Sectors, were to be formed by 24 June 2005. However, due to the non-availability of the members nominated by the parties and the Sector HQs (in some cases), their formation was delayed. The first AJMC was held in the Nuba Mountains Area on 20 September 2005.

4.4 JOINT MILITARY TEAMS (JMTS)

285. **Joint Military Teams** (JMTs) are the lowest operating units of the Ceasefire Military Mechanism, comprising UNMOs (international monitors) and an equal number of officers (**National Monitors**) from SAF and the SPLA. The formation of the JMTs has been delayed due to lack of clarity on the logistical support for the National Monitors.
286. According to the Status of Forces Agreement (SOFA), UNMIS Joint Military Teams (JMT) enjoy guaranteed freedom of movement throughout the Ceasefire Zone. However both Parties have imposed restrictions on UNMO movement in Sector VI (Abyei). In October and December 2006, movement restrictions in Abyei were lifted temporarily but were re-imposed on 28 February 2007. The restrictions were again temporarily lifted in December 2007 to allow for monitoring and verification of the southern deployment of SPLA-aligned Debab and Abu Matarig forces. This temporary window closed again on 9 January 2008 and has imposed significant restriction on the JMT patrols of Sector VI. This issue has been raised at various CJMC and has been regularly referred to CPC however without resolution. (04/08)

4.5 REDEPLOYMENT OF FORCES

287. The line of **redeployment** of SAF and SPLA is the North/South border as at 1 January 1956 (the 1.1.1956 Line). The CPA requires SAF to redeploy out of Southern Sudan in accordance with an agreed schedule, completing 72% redeployment by January 2007 and 100% by 9 July 2007. It requires the SPLA to complete its redeployment from Eastern Sudan by 9 January 2006 and from Southern Kordofan and Blue Nile six months after full formation of Joint Integrated Units. Both parties have frequently reiterated their commitment to respecting these timelines.
288. The **SPLA redeployment from Eastern Sudan** proceeded relatively smoothly in 2006 with logistic support from SAF. UNMIS observers verified the redeployment of 5,672 SPLA troops from total start date strength of 8,736. At the 30th CJMC meeting on 4 July 2006, both Parties agreed that the SPLA redeployment from the East was complete. (6/06)
289. **SPLA redeployment from Abyei, Southern Kordofan, and Blue Nile** has been delayed because of delay in the formation of JIUs.

4.6 THE JOINT DEFENCE BOARD (JDB)

290. According to the CPA, the **Joint Defence Board** is responsible for co-ordination between the SAF and SPLA and for the command of the JIUs. The JDB is tasked with agreeing how to address any external and internal threats, and for organizing confidence-building measures between the Parties' armed forces. The Board is to be composed of the Chiefs of Staff of the two Armed Forces, their deputies and four senior officers, and is to operate by consensus. The Commanders of the JIUs are *ex officio* members of the JDB. The JDB is to be supported by a Technical Secretariat of eight senior officers.
291. The JDB was formed by presidential decree on 30 December 2005 and held its first meeting on

4.7 - 28B Joint Integrated Units (JIUs)

2-3 January 2006. It is jointly chaired by First Lieutenant-General Abbas Arabi Abdallah (SAF) and First Lieutenant General Oyai Deng Ajak (SPLA). The JDB has continued to meet regularly, approximately every other month.

292. The Parties agreed in July to task the Joint Defence Board with finding a solution to the dispute between SAF and the SPLA over the continued presence of approximately 3600 SAF troops in oil producing areas south of the 1-1-1956 Line after the 9 July redeployment deadline. SAF had argued that it needed to keep troops in these key areas to maintain security in the absence of fully formed JIUs. (7/07)
293. In the third week of February 2010, in compliance with a JDB order, Maj. Gen. Yahya (SAF) handed over his responsibilities as Deputy JIU Commander to Major General Taj Al-Deen Al-Zein (SAF). (02/10)

4.7. JOINT INTEGRATED UNITS (JIUS)

294. The **Joint Integrated Units** (JIUs) are to be formed during the Pre-interim and the Interim Period from SAF and SPLA troops. The role of the JIUs is to act as a symbol of national unity and, in the event of unity after the 2011 referendum, to form the core of a new National Army. There were initially inordinate delays in formation of JIUs, linked to the delay in forming the Joint Defence Board (JDB). The National Assembly endorsed the **Joint Integrated Units (JIUs) Act** on 17 January 2006 ([Annex 19](#)).

A) Assembly of JIUs

295. In 2006, the Parties made considerable progress in the nomination of forces to serve in the JIUs. However overall the deployment of JIUs, which was to have been completed by 9 October 2006, is significantly behind schedule. The Parties, especially the SPLA, have blamed logistical challenges. While some JIUs are co-located, in other areas nominated personnel are gathered at assembly areas some way from the final deployment location.
296. New Standard Operational Procedures (SOP) on JIU re-verification was promulgated on 8 July 2008. 81st JMC on 18 August 2008 decided to freeze JIU re-verification till 18 September 2008 to allow understanding of the new SOP.
297. The 85th CJMC on 25 November 2008 decided further to freeze the JIU figure till 20 January 2009 to allow sufficient time for completion of JIU re-verification. During the freezing of JIU figure, the verified strength was 33,583 (84.7%) of CPA authorized strength 39,639.
298. The properly-conducted re-verification of JIUs could not be completed until the end of May 2009 due to the postponement in verification of weapons and the lack of nominal rolls of JIU soldiers. As stated at the 96th CJMC (19 May 2009), the verified deployment figure stands at 32,723 (82.55%). Consolidated JIU figures are not expected until June 2009. (05/09)
299. There was no change to the status of JIU deployment in August 2009, which still stands at 82.6%. JIU commanders attended the 103rd CJMC meeting to discuss JIU issues and security aspects. The 103rd CJMC decided that JIU command to conduct an internal review of the forces figures until 15 October 2009. Therefore, monitoring of the JIU is frozen up to 15 October 2009. UNMIS will conduct M&V of all JIUs from 16 Oct – 15 Nov 2009. This will be considered the last and final verification of JIU strength. CJMC and JIU command will have a follow-up meeting in December 2009 in Juba. CJMC and JIU command decided that the Parties should look for funds for deployment of JIUs & National Monitors to Diffra and Agok (Sector VI – Abyei) which has been a pending issue for some time. (08/09)

300. [There has been no change on the status of the JIUs since April 2009. They stand at 82.6 per cent of their mandated strength of 39,639 troops. \(01/11\)](#)

303. On 8 January 2006, the SPLA signed the **Juba Declaration on Unity and Integration of SPLA and SSDF** with Paulino Matip, the leader of the Southern Sudan Defence Force (SSDF) umbrella organization comprising the majority of formerly SAF-aligned OAGs. A diagram illustrating OAG-SSDF alignment after the Juba Declaration can be found in [Annex 20](#). (2/06)
