

50,000

Population Planning Figures for Niger in order to provide means for the Humanitarian communities to plan its activities pending the completion of the countrywide individual registration. This figure is a national estimate.

Registration Level II & Continuous Registration Trends as of 20 May 2013

↗	43,159	Individual Registered
↘	7,356	Awaiting Registration
→	5,000	Estimation of Individual living in spontaneous sites and not registered
↗	3,991	Returnees (Niger Nationals)

The Arrow trends (Up, Down, Same) are the trends compared to the 30 April 2013. Currently those trends don't replace the population planning figures.

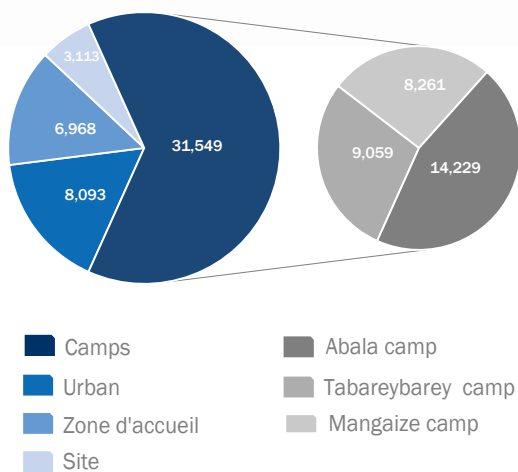

Operational Highlights

The security situation, had remained largely calm during the month of May.

Following recent events, in particular the arrival of an estimated 2,367 Niger citizens and 126 Nigeria citizens from Nigeria, as well as the declaration of a state of emergency in three federal states neighbouring Diffa region, UNHCR Niger has despatched on 17 May a contingency mission to Diffa town and region. UNHCR is also working in Niger to contain cholera epidemic in refugee camps. Our Response Activities consists in implementing emergency health and sanitation measures, such as increasing the supply of clean water. The affected refugees are being treated in the Cholera Treatment Centres run by Medecins Sans Frontieres (-Suisse).

Population by settlement

63% of refugees population are living in camps.
