

TUNISIA, THIRD QUARTER 2015:

Update on incidents according to the Armed Conflict Location & Event Data Project (ACLED)

compiled by ACCORD, 4 February 2016

National borders: [GADM, November 2015a](#); administrative divisions: [GADM, November 2015b](#); incident data: [ACLED, undated](#); coastlines and inland waters: [Smith and Wessel, 1 May 2015](#)

Conflict incidents by category

category	number of incidents	sum of fatalities
riots/protests	66	0
strategic developments	11	0
battle	8	9
remote violence	6	2
violence against civilians	6	2
total	97	13

This table is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#)).

Development of conflict incidents from September 2013 to September 2015

This graph is based on data from the Armed Conflict Location & Event Data Project (datasets used: [ACLED, undated](#)).

LOCALIZATION OF CONFLICT INCIDENTS

Note: The following list is an overview of the incident data included in the ACLED dataset. More details are available in the actual dataset (date, location data, event type, involved actors, information sources, etc.). In the following list, the names of event locations are taken from ACLED, while the administrative region names are taken from GADM data which serves as the basis for the map above.

In **Ben Arous (Tunis Sud)**, 1 incident killing 0 people was reported. The following location was affected: **Ouzra**.

In **Bizerte**, 2 incidents killing 1 person were reported. The following locations were affected: **Bizerte, Sejenane**.

In **Béja**, 3 incidents killing 0 people were reported. The following location was affected: **Beja**.

In **Gabès**, 6 incidents killing 0 people were reported. The following location was affected: **Gabes**.

In **Gafsa**, 4 incidents killing 5 people were reported. The following locations were affected: **Gafsa, Jebel Orbata, Redeyef**.

In **Jendouba**, 5 incidents killing 0 people were reported. The following location was affected: **Jendouba**.

In **Kairouan**, 1 incident killing 0 people was reported. The following location was affected: **Hajeb el Aioun**.

In **Kassérine**, 11 incidents killing 7 people were reported. The following locations were affected: **Bou Chebka, Ezzouhour, Jebel Mghila, Jebel Semmama, Kasserine, Sidi Herrat**.

In **Kebili**, 7 incidents killing 0 people were reported. The following locations were affected: **El Faouar, Kebili**.

In **Le Kef**, 10 incidents killing 0 people were reported. The following locations were affected: **Gargour, Jebel Ouargha, Sakiet Sidi Youssef**.

In **Mahdia**, 3 incidents killing 0 people were reported. The following locations were affected: **El Jem, Mahdia, Salakta**.

In **Monastir**, 1 incident killing 0 people was reported. The following location was affected: **Monastir International Airport**.

In **Médenine**, 2 incidents killing 0 people were reported. The following location was affected: **Ben Gardane**.

In **Sfax**, 8 incidents killing 0 people were reported. The following locations were affected: **Remla, Sfax**.

In **Sidi Bou Zid**, 7 incidents killing 0 people were reported. The following locations were affected: **Menzel Bouzaiane, Oulad Mhamed, Sidi Bouzid**.

In **Sousse**, 4 incidents killing 0 people were reported. The following locations were affected: **Bourdjine, Kelaa Kebira, Sousse, Zaouiet Sousse**.

In **Tataouine**, 4 incidents killing 0 people were reported. The following locations were affected: **Bir Lahmar, Maztouria, Remada, Tataouine**.

In **Tozeur**, **3** incidents killing **0** people were reported. The following location was affected: **Tozeur**.

In **Tunis**, **15** incidents killing **0** people were reported. The following location was affected: **Tunis**.

METHODOLOGY

The data used in this report was collected by the Armed Conflict Location & Event Data Project (ACLED). ACLED collects data on reported conflict events in selected African and Asian countries, Tunisia being among them. ACLED researchers collect event data from a variety of sources and code them by date, location, agent, and event type. For further details on ACLED and for the full data, see www.acleddata.com und [Raleigh; Linke; Hegre, and Karlsen, 2010](#).

Based on these data, the Austrian Centre for Country of Origin & Asylum Research and Documentation (ACCORD) compiles updates on conflict incidents.

Incidents comprise the following categories: battle, headquarters or base established, non-violent strategic activities, riots/protests, violence against civilians, non-violent transfer of territory, remote violence. For details on these categories, please see

DISCLAIMER

Most of the data collected by ACLED is gathered based on publicly available, secondary reports. It may therefore underestimate the volume of events. Fatality data particularly is vulnerable to bias and inaccurate reporting, and ACLED uses the most conservative estimate available. Furthermore, event data may be revised or complemented in future updates. The lack of information on an event in this report does not permit the inference that it did not take place. The boundaries and names displayed do not imply endorsement or acceptance by the Austrian Red Cross.
