The figure excludes the number of displaced persons in Crimea, currently estimated by reliable sources to be at 17,000. However, the real figure is currently unknown. External displacement: figures reported to UNHCR by respective national asylum authorities are as follows: as of 15 September for Belarus, bet. 1 January-31 August for Hungary, Romania and Slovakia, as of 20 September for Republic of Moldova, as of 17 September for Poland, and reported by the Russian Federal Migration Service as of 12 September for the Russian Federation.
