and development**

The situation in the occupied territories of Azerbaijan

Letter dated 10 June 2019 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General

Upon instructions from my Government, I have the honour to transmit herewith the records of violations of the ceasefire by the Republic of Armenia in May 2019 (see annex).*

During the reporting period, the armed forces of Armenia violated the ceasefire regime 710 times, continuing to use large-calibre guns and heavy weaponry from their positions in the occupied territories of the Republic of Azerbaijan and from the territory of the Republic of Armenia.

As a result, one serviceman of the armed forces of the Republic of Azerbaijan was killed during the month.

The military occupation by the armed forces of Armenia of the territory of Azerbaijan is a result of the explicitly annexationist agenda of Armenia and is the major obstacle to achieving peace, security, stability and socioeconomic development in the region.

The military occupation of the territory of Azerbaijan does not represent a solution and will never produce a political outcome desired by Armenia. The sooner Armenia withdraws its armed forces from the Nagorno-Karabakh region and other occupied territories of Azerbaijan, the earlier the conflict will be resolved and both countries and their peoples will benefit from the prospects of cooperation and economic development.

* The annex is being circulated in the language of submission only.

I should be grateful if you would have the present letter and its annex circulated as a document of the General Assembly, under agenda items 35 and 41, and of the Security Council.
