

# Ukraine – Complex Emergency

MARCH 25, 2022

## SITUATION AT A GLANCE

- The GoRF's war against Ukraine continues to result in civilian deaths and generate further population displacement, damage civilian infrastructure, and exacerbate humanitarian needs across the country.
- The GoU continues to evacuate civilians from conflict-affected areas, including the besieged city of Mariupol.
- A UN aid convoy carrying aid for 35,000 people reached the conflict-affected city of Sumy on March 18.
- The USG announced \$1 billion in humanitarian funding to support conflict-affected populations in Ukraine and refugees in neighboring countries on February 24.

TOTAL U.S. GOVERNMENT HUMANITARIAN FUNDING For the Ukraine Response in FY 2022 <sup>1</sup>	USAID/BHA <sup>2</sup>	\$89,997,307
		State/PRM <sup>3</sup>
<b>Total<sup>4</sup></b>		<b>\$301,620,099</b>

*For complete funding breakdown with partners, see detailed chart on page 8*

<sup>1</sup> Funding figures reflect a portion of publicly announced funding that has been committed or obligated as of March 25, 2022.

<sup>2</sup> USAID's Bureau for Humanitarian Assistance (USAID/BHA)

<sup>3</sup> U.S. Department of State's Bureau of Population, Refugees, and Migration (State/PRM)

## TIMELINE

**February 24, 2022**

GoRF armed forces commence bombing and missile attacks on several locations across Ukraine.

**February 24, 2022**

USAID/BHA announces the activation of a DART to lead the USG humanitarian response to the crisis in Ukraine and a Washington, D.C.-based RMT to support the DART.

**February 27, 2022**

The USG announces nearly \$54 million in additional humanitarian assistance, including \$28 million from USAID/BHA and \$25.6 million from State/PRM.

**March 1, 2022**

The UN launches flash appeal for Ukraine and UNHCR launches the Regional Refugee Response Plan.

**March 3, 2022**

The first USAID/BHA relief commodities arrive in Lviv for onward distribution.

**March 9, 2022**

Vice President Harris announces an additional \$53 million in USG humanitarian assistance.

**March 15, 2022**

State/PRM announces an additional \$186 million in assistance.

**March 24, 2022**

The White House announces \$1 billion in total USG humanitarian assistance, including previously committed funding and support to be distributed to partners in the coming months.

## KEY DEVELOPMENTS

### The USG Announces \$1 Billion in Total Humanitarian Funding for Ukraine

On March 24, the White House announced that the U.S. Government (USG) is prepared to provide more than \$1 billion in funding towards humanitarian assistance for those affected by Russia's war with Ukraine and its severe impacts around the world, including a marked rise in food insecurity, over the coming months. This funding will provide food, shelter, safe drinking water, medical supplies and other forms of assistance.

### Conflict Results in At Least 1,081 Civilian Deaths, Mass Displacement, Service Loss Among Populations

Conflict in Ukraine following the Government of the Russian Federation (GoRF) invasion continues to result in civilian deaths, displace millions of people, and destroy civilian infrastructure, generating large-scale humanitarian needs, the UN reports. The conflict resulted in at least 1,081 civilian deaths, including 93 children, and at least 1,707 injuries to civilians from February 24 to March 24, according to the Office of the UN High Commissioner for Human Rights, which notes that actual figures are likely much higher, as hostilities disrupt and delay reporting.

The GoRF invasion had internally displaced nearly 6.5 million people in Ukraine as of March 16, according to the Protection Cluster, the coordinating body for humanitarian protection activities, comprising UN agencies, non-governmental organization (NGOs), and other stakeholders. While conflict-affected populations from eastern Ukraine continue to move westward to seek shelter as security permits, locations in central Ukraine are hosting displaced persons in transit. Since March 12, the number of new internally displaced person (IDP) arrivals in Vinnytsya *Oblast's* Vinnytsya city had reportedly risen from 950 people per day to 1,400 people per day, increasing the need for mattresses and other relief items in the city as of March 19, the Shelter Cluster reports. The majority of the newly arrived IDPs are transiting through Vinnytsya as they move to areas of western Ukraine. Moreover, at least 12 million people were reportedly stranded in conflict-affected areas of Ukraine or unable to leave due to heightened security risks, the destruction of bridges and roads, or a lack of resources or information on where to find safety and accommodation as of March 16, according to the Protection Cluster.

Humanitarian conditions in besieged cities and the most conflict-affected areas of eastern Ukraine continue to deteriorate and remain priority concerns for relief actors. In eastern Ukraine's Luhansk *Oblast*, persistent GoRF shelling had destroyed up to 80 percent of some population centers, while approximately 100,000 individuals lacked electricity as of March 21, the UN reports. In Donetsk *Oblast*, hostilities damaged or destroyed nearly 1,110 residential buildings; at least 10 health facilities; more than 320 educational facilities; and 15 heating and water facilities, among other critical

civilian infrastructure between February 24 and March 20. More than 200,000 people lacked access to water across Donetsk as of March 21. In Donetsk's besieged city of Mariupol, suspected GoRF attacks on residential neighborhoods had damaged or destroyed at least 80 percent of the city's housing infrastructure as of March 18, with nearly 30 percent of homes assessed to be damaged beyond repair, according to city officials. On March 20, local government officials alleged that GoRF forces recently bombed an art school in Mariupol sheltering an estimated 400 people, with an unknown number of civilians possibly trapped beneath rubble.

### **GoU continues to Evacuate Civilians from Conflict-Affected Areas**

The Government of Ukraine (GoU) continues to work to establish evacuation corridors from conflict-affected cities to other areas of Ukraine. More than 23,000 people were reportedly evacuated from conflict-affected areas of the country along GoU evacuation routes between March 18 and 20, including more than 13,000 people evacuated from Mariupol to Zaporizhzhya *Oblast's* Zaporizhzhya city, the UN reports. Moreover, approximately 22,800 people evacuated from areas of Donetsk, Kyiv, Luhansk, and Zaporizhzhya *oblasts*, including from Mariupol, along GoU routes from March 21 to 24. Meanwhile, Mariupol city officials alleged that GoRF forces coerced between 4,000 and 4,500 residents of the city to relocate to the Russian Federation's Taganrog city during the week of March 14. Although the UN had not verified the claim as of March 20, several displaced persons from Mariupol had reported instances of forced relocation by GoRF forces to the Russian Federation, international media report. GoRF officials have repeatedly claimed that many Ukrainian civilians have independently crossed into the Russian Federation in search of refuge from the ongoing war.

### **Relief Actors Scale up Response Efforts Across Ukraine**

The UN and partners continue to scale up response efforts across Ukraine, establishing relief commodity warehouse hubs and developing convoy routes to hard-to-reach areas in recent weeks. On March 18, a UN humanitarian convoy delivered 130 metric tons (MT) of essential aid commodities—including food, medical supplies, and bottled water—from USG partners the Office of the UN High Commissioner for Refugees (UNHCR), the UN Children's Fund (UNICEF), and the UN World Food Program (WFP), as well as other UN agencies and NGOs to Sumy *Oblast's* Sumy city to assist approximately 35,000 vulnerable people residing in the city. The shipment included food and relief items sufficient for 1,200 people provided by UNHCR. The convoy also brought equipment to repair water systems servicing an estimated 50,000 people. Moreover, the Logistics Cluster was able to transport relief commodities from Poland to Ukraine's Lviv city in Lviv *Oblast*, and onward to the capital city of Kyiv, Chernivtsi *Oblast's* Chernivtsi city; Dnipropetrovsk *Oblast's* Dnipro city; and Vinnytsya city as of March 21. The Logistics Cluster has also secured a WFP-contracted fleet of trucks, exclusively for the transportation of humanitarian cargo.

### **More Than 3.7 Million People Flee From Ukraine to Neighboring Countries**

From February 24 to March 24, more than 3.7 million people fleeing the war in Ukraine had crossed into neighboring countries, according to UNHCR. More than 2.2 million people—nearly 60 percent of the total—had fled into Poland. New arrivals are also crossing into Romania, Moldova, Hungary, Slovakia, and the Russian Federation, while hundreds of thousands of people had transited to other countries. Relief actors remain concerned regarding child protection risks, as many children are crossing borders unaccompanied by family members. In response to protection risks facing children and other groups, governments in host countries are scaling up protection and support services. Additionally, the UN World Health Organization (WHO) estimates that 500,000 people who have fled the war in Ukraine to Poland require mental health support—including 30,000 people estimated to have severe mental health

needs—based on analysis of mental health conditions following armed conflicts, as of March 22, international media report. In addition to mental health and psychosocial support needs, the primary health issues Ukrainian refugees are experiencing include fever, diarrhea, hypothermia, upper-respiratory tract infections and cardiac arrest, according to WHO. In response to refugees’ needs, relief actors, including USG partners, continue to provide aid—including food, health care, and protection support—to people fleeing Ukraine in neighboring countries.

## KEY FIGURES

**18,500**

Number of USAID/BHA-provided high thermal blankets delivered to Ukraine

## U.S. GOVERNMENT RESPONSE

### LOGISTICS AND RELIEF COMMODITIES

USAID/BHA partners are working to provide relief commodities to conflict-affected individuals, and transport these items to Ukraine from neighboring countries, as security and humanitarian access conditions permit.

USAID/BHA is providing the International Organization for Migration (IOM) with in-kind winterization supplies and hygiene kits, respectively.

USAID/BHA has delivered approximately 18,500 high thermal blankets—to support more than 23,000 displaced individuals vulnerable to harsh winter weather—to IOM in Lviv. IOM had distributed 18,300 of these blankets to displaced people in collective centers in Dnipropetrovsk, Ivano-Frankivsk, Lviv, Mykolayiv, and Zakarpattya *oblasts* as of March 22. USAID/BHA has also delivered an additional 21,500 high thermal blankets; nearly 20,000 high energy biscuits; more than 18,500 kitchen sets; 4,800 water containers; 30 water bladder kits; and seven water treatment units to IOM in Poland, which the UN agency is transporting to Ukraine for onward distribution.

Moreover, USAID/BHA is supporting WFP to lead the Logistics and Emergency Telecommunications clusters. As part of its role as the Logistics Cluster lead, WFP is coordinating logistics services for the broader humanitarian response, developing common advocacy to address logistical challenges, facilitating humanitarian convoys and corridors, and establishing logistics bases to consolidate and prioritize humanitarian cargo deliveries. The UN agency is also exploring options to support cargo movement through dedicated sea vessels.

Meanwhile, State/PRM is supporting IOM and UNHCR to provide logistics support to the refugee response in neighboring countries.

### HEALTH

To support the health needs of conflict affected populations, USG humanitarian partners are providing health kits, medicine, and other health assistance. USAID/BHA is supporting UNICEF and WHO to respond to emergency health needs in Ukraine. With USAID/BHA funding, WHO delivered 10 interagency emergency health kits—sufficient to sustain the health care of up to 100,000 people for three months—and five trauma and emergency surgery kits, with combined medicines and supplies to support at least 500 surgical operations in emergency situations, into Kyiv.

**100,000**

Number of people USAID/BHA-funded interagency emergency health kits can support

In addition, WHO is developing emergency operations centers in eight *oblasts* to coordinate the emergency health response. Meanwhile, UNICEF is delivering health supplies to support displaced populations in central, eastern, and western Ukraine.

State/PRM is supporting WHO to provide health assistance to refugees in neighboring countries. This includes meeting urgent trauma care needs and emergency health care by deploying emergency medical teams; provision of trauma kits, essential medical supplies, and logistics support to fill urgent gaps; delivering generators and other infrastructural support items for hospitals and health facilities; providing medical equipment, including personal protective equipment; extending access to coronavirus disease (COVID-19) services to refugee populations, including vaccination, public health measures, testing and medical care; preventing and responding to vaccine-preventable diseases, such as measles and polio; providing mental and psychological support to populations and building capacity of frontline health care workers in managing stress-related conditions; and preventing of sexual exploitation and abuse.

In addition, State/PRM is supporting the UN Population Fund (UNFPA) in Moldova to increase health system capacity to absorb an increased refugee caseload through the deployment of mobile and static integrated community sexual and reproductive health (SRH) and gender-based violence (GBV) health units, supplies, and interventions to increase access to SRH and GBV prevention and response services. State/PRM is also supporting UNICEF in neighboring countries to scale up health support, including to prevent disease outbreaks and support infection prevention and control training. In addition, State/PRM is supporting IOM to provide primary health care consultations, mobile health and emergency services, and mobile psychosocial support teams.

## WASH

**85,000**

Number of people that USAID/BHA hygiene supplies provided to IFRC and an INGO can support in Ukraine

In response to water, sanitation, and hygiene (WASH) needs among conflict-affected populations in Ukraine, USG humanitarian partners are providing critical assistance, including by providing WASH commodities and increasing populations' access to sanitation and safe drinking water. USAID/BHA has delivered 105 pallets of hygiene supplies to the International Federation of Red Cross and Red Crescent Societies (IFRC) and 65 pallets to an international NGO (INGO) partner in neighboring countries for onward distribution into Ukraine; each pallet contains supplies sufficient to meet the needs of 500 people. In addition, USAID/BHA is supporting UNICEF to locally procure WASH supplies to support the WASH needs of 40,000 people in central, eastern, and western Ukraine during the initial weeks of displacement.

USAID/BHA also supports UNICEF and four NGO partners to address existing WASH needs by conducting hygiene promotion activities and distributing essential hygiene items to vulnerable communities and social

institutions. In addition, USAID/BHA supports the WASH Cluster to provide humanitarian coordination and information management support, including sharing critical information with humanitarian partners regarding conflict incidents affecting WASH infrastructure and services. State/PRM partners are also conducting WASH activities among conflict-affected communities in Ukraine.

State/PRM is supporting UNICEF to provide WASH assistance to refugees in neighboring countries, including strengthening sanitation infrastructure in shelters and distributing hygiene kits to refugees. State/PRM is also supporting IOM to provide hygiene kits, safe drinking water, and water infrastructure.

## FOOD SECURITY

To support increasing food needs among conflict-affected individuals in Ukraine, USAID/BHA partner WFP is procuring immediate response rations sufficient to feed 125,000 people for five days. USAID/BHA support is also enabling the UN agency to scale-up its emergency team presence in Ukraine, as WFP had not operated in the country since 2018. WFP plans to assist up to 3.1 million conflict-affected individuals in Ukraine, as well as 300,000 crisis-affected individuals in neighboring countries with USAID/BHA and other donor support.

As part of this effort, USAID/BHA funding is enabling WFP to procure and distribute more than 8,300 MT of in-kind food assistance rations to support more than 119,000 people for four months; provide cash-based transfers to nearly 30,700 people for four months; and deliver approximately 240 MT of emergency food assistance, including high energy biscuits, to 239,000 people. With USAID/BHA and other donor support, WFP had reached more than 700,000 individuals with food assistance, including rapid response rations, bread distributions, general food assistance, and cash-based transfers for food as of March 24. The UN agency maintained more than 1,140 MT of food commodities in stock in Ukraine; 940 MT of commodities in transit within Ukraine; and 19,400 MT of food commodities in the agency's pipeline for Ukraine.

USAID/BHA is also supporting Catholic Relief Services (CRS) to provide cooked meals to people in collective shelters in Moldova who have fled the war in Ukraine.

## PROTECTION

In response to increasing protection concerns among both populations in conflict-affected areas and those crossing from Ukraine into neighboring countries, USG partners are providing protection assistance, including supplies and services. USAID/BHA is supporting UNICEF to deliver child protection supplies to support 40,000 people during the initial weeks of displacement in Ukraine. To address ongoing protection concerns in Ukraine, USAID/BHA supports seven NGOs to implement protection

**\$55 Million**

In dedicated FY 2022

life-saving food assistance

**10**

Number of USG  
implementing partners  
providing essential  
protection services

interventions for vulnerable populations. USAID/BHA partners provide psychosocial support services to children, persons with disabilities, and older people; operate mobile protection teams to reach remote communities; and conduct mine risk education activities to minimize protection risks.

In addition, State/PRM partners—including IOM, UNHCR, and UNICEF—provide protection and legal services to vulnerable individuals and are monitoring the impacts of ongoing hostilities. For example, on March 19, State/PRM partner IOM distributed 16,000 leaflets near southern Moldova’s Palanca border crossing point, providing information on the prevention of human trafficking and processes for seeking asylum in Moldova.

In neighboring countries, State/PRM is providing protection support through IOM, UNFPA, UNHCR, and UNICEF, including GBV prevention and response, child protection, mental health and psychosocial support; prevention and response to trafficking in persons; and establishment of child-friendly and women and girl-friendly spaces.

## **MULTIPURPOSE CASH ASSISTANCE**

USAID/BHA supports IOM and two NGOs and State/PRM supports IOM, UNHCR, and an implementing partner to provide multipurpose cash assistance (MPCA) to help conflict-affected individuals meet their basic needs. MPCA also enables households to obtain shelter and winterization needs.

A USAID/BHA INGO partner is supporting approximately 1,500 IDPs in Donetsk’s Volnovakha city with MPCA and is preparing for MPCA distributions in other areas of Donetsk where banks are operational. The INGO is also distributing food vouchers to IDPs in Chernivtsi and Ivano-Frankivsk *oblasts*. State/PRM partner UNHCR had enrolled nearly 660 individuals in Lviv *Oblast* in its MPCA program as of March 24, with plans to expand to other *oblasts* to reach approximately 360,000 people.

State/PRM is also supporting IOM and UNHCR to provide MPCA to refugees in neighboring countries, as well as UNICEF to provide cash assistance to vulnerable households with children in transit.

**\$5.5 Million**

USAID/BHA support for  
MPCA

## CONTEXT IN BRIEF

- The GoRF commenced widespread attacks against Ukraine on February 24, after months of gathering hundreds of thousands of military forces and heavy weaponry near its border with Ukraine. Immediately prior, the GoRF had ordered forces into Donetsk and Luhansk non-government-controlled areas after recognizing the areas' independence from Ukraine on February 21.
- On February 24, USAID announced the activation of a Disaster Assistance Response Team (DART) to lead the U.S. Government humanitarian response to the crisis in Ukraine, with staff in Krakow, Poland; Rzeszów, Poland; Budapest, Hungary; Chişinău, Moldova; Bucharest, Romania; and Košice, Slovakia. To support the DART, USAID activated a Response Management Team (RMT) in Washington, D.C. State/PRM staff in Warsaw, Poland; Budapest, Hungary; Chişinău, Moldova; Bucharest, Romania; Košice, Slovakia; and Washington, D.C., also continue to support response activities.
- Since March 2014, the conflict in eastern Ukraine has caused large-scale population displacement and widespread damage to infrastructure. The heaviest fighting has occurred in the easternmost *oblasts* bordering Russia, particularly Donetsk and Luhansk; however, the large influx of IDPs has also affected neighboring *oblasts*. The GoU estimated that the ongoing conflict had internally displaced approximately 1.4 million people as of October 2020. In addition, the UN estimates that 2.9 million conflict-affected people in eastern Ukraine will require humanitarian assistance in 2022.
- On November 26, 2021, U.S. Chargé d'Affaires Kristina A. Kvien renewed the disaster declaration for Ukraine for FY 2022 due to the widespread displacement and continued humanitarian needs of vulnerable populations in eastern Ukraine.

## PUBLIC DONATION INFORMATION

- The most effective way people can assist relief efforts is by making cash contributions to humanitarian organizations that are conducting relief operations. A list of humanitarian organizations that are accepting cash donations for disaster responses around the world can be found at [interaction.org](https://www.interaction.org).
- USAID encourages cash donations because they allow aid professionals to procure the exact items needed (often in the affected region); reduce the burden on scarce resources (such as transportation routes, staff time, and warehouse space); can be transferred very quickly and without transportation costs; support the economy of the disaster-stricken region; and ensure culturally, dietarily, and environmentally appropriate assistance.
- More information can be found at:
  - USAID Center for International Disaster Information: [cidi.org](https://www.cidi.org)
  - Information on relief activities of the humanitarian community can be found at [reliefweb.int](https://www.reliefweb.int).
