

# Ukraine Emergency

Considering the complexity of the humanitarian situation, the High Commissioner has extended the UNHCR emergency declaration at Level 3 for the IDP response in Ukraine and for the refugee situation in Hungary, Moldova, Poland, Romania and Slovakia, as well as extended the UNHCR emergency declaration at Level 2 for other neighbouring countries, specifically Belarus, Bulgaria and the Czech Republic. The Division of Emergency, Security and Supply continues to work closely with the Regional Bureau for Europe, as well as partners and donors on delivering relief items to the affected operations.

With the onset of the cold season, UNHCR collaborated with local partner NGO Mission Proliska to distribute life-saving aid that contained high thermal blankets, sleeping bags, mattresses, and solar lamps to support 800 people living in a newly accessible area in the village of Volokhiv Yar. © Artur Ulianytskyi / Mission Proliska NGO

## OPERATIONAL UPDATE

To meet the basic needs of the affected populations, UNHCR has identified **\$123 million\*** worth of material assistance for phase 1 and phase 2 of the response. From the onset of the emergency, UNHCR has been deploying relief items to the concerned operations from its global stockpiles and suppliers by utilizing all available modes of transport.

With the generous contributions received from donors, UNHCR is helping the affected families prepare for and cope during the forthcoming winter. In response to the **winterization** (phase 3) request of the Ukraine operation, UNHCR placed several orders for goods, including heaters with UNHCR Global Suppliers and dispatched items, such as blankets, sleeping bags and tarpaulins from its global stockpiles in Amman and Dubai.

The majority of orders are en route to warehouses in Lviv and Kyiv while some other items will be dispatched to the central warehouse in Budapest. **The value of these goods and the estimated transportation costs** so far stand at **\$28 million**.

“

*The cold season is upon us. I feel fortunate that I have a roof over my head and a thick blanket to keep me warm at night. Everyone deserves shelter and protection. I hope our recent distribution of winterization kits provides temporary protection from the harsh elements in this most challenging of times.*
