### Conflict incidents by category

Category	Number of incidents	Number of incidents with at least one fatality	Number of fatalities
Violence against civilians	89	49	99
Battles	22	16	57
Strategic developments	15	1	1
Riots	9	4	5
Protests	8	0	0
Explosions / Remote violence	1	1	4
Total	144	71	166

This table is based on data from ACLED (datasets used: ACLED, 29 March 2024).

### Development of conflict incidents from September 2021 to September 2023

This graph is based on data from ACLED (datasets used: ACLED, 29 March 2024).

#### Methodology

The data used in this report was collected by the Armed Conflict Location & Event Data Project (ACLED). ACLED collects data on reported conflict events in selected African and Asian countries, South Sudan being among them. ACLED researchers collect event data from a variety of sources and code them by date, location, agent, and event type.

Most of the data collected by ACLED is gathered based on publicly available, secondary reports. It may therefore underestimate the volume of events. Fatality data particularly is vulnerable to bias and inaccurate reporting, and ACLED states to use the most conservative estimate available. ACLED uses the reports' context to estimate fatalities for events with reported fatalities for which the exact number is unknown ("3" or "10" for plural fatalities, depending on the context; "100" if "hundreds" are mentioned, etc.). For further details on ACLED and for the full data, see www.acleddata.com and Raleigh; Linke; Hegre, and Karlsen, 2010.

Based on this data, the Austrian Centre for Country of Origin & Asylum Research and Documentation (ACCORD) compiles updates on conflict incidents and publishes them on ecoi.net to offer another access point to the ACLED datasets.

It is advised to employ extreme caution when using fatality numbers.

Assessments of the security situation should not be based solely on quantitative analysis of event data.

Note: Administrative divisions (based on GADM data) are outdated and are reflected as of before the October 2015 reform.

Data on incidents in the Abyei area are not included in this overview.

Geographic map data is primarily based on GADM, complemented with other

sources if necessary. Incidents are mapped to GADM provinces using the provinces in ACLED data. Province names and borders may differ between ACLED and GADM. Incidents that could not be located are ignored. The numbers included in this overview might therefore differ from the original ACLED data. ACLED uses varying degrees of geographic precision for the individual incidents, depending on what level of detail is reported. Thus, towns may represent the wider region in which an incident occured, or the provincial capital may be used if only the province is known. Erroneous location data, especially due to identical place names, cannot be fully excluded.

Incidents comprise the following categories: battles, violence against civilians, remote violence, riots/protests, non-violent strategic activities. For details on these categories, please see

#### Conflict incidents per province

Province	Number of incidents	Number of incidents with fatalities	Number of fatalities
Central Equatoria	39	14	22
Eastern Equatoria	30	16	38
Jungoli	29	17	44
Lakes	5	3	6
North Bahr-al-Ghazal	1	0	0
Unity	8	3	11
Upper Nile	4	0	0
Warap	13	9	33
West Bahr-al-Ghazal	5	2	5
West Equatoria	10	7	7

#### Localization of conflict incidents

**Note:** The following list is an overview of the incident data included in the ACLED dataset. More details are available in the actual dataset (date, location data, event type, involved actors, information sources, etc.). The data's precision varies among the incidents: a town may represent a region, or the provincial capital may be used if the precise location of an incident is unkown. In the following list, the names of event locations are taken from ACLED, while the administrative region names are taken from GADM data which serves as the basis for the maps above.

In Central Equatoria, 39 incidents killing 22 people were reported. The following locations were among the affected: Gorom, Gumbo, Ilikare, Jebel Lado, Juba, Kajo-Keji, Karpeto, Kit, Koli, Kworijik, Lainya, Liria, Logo, Lumonik, Luwala,

Mogiri, Monga, Morsak, Ngangala, Nyori, Ombasi, Opiri, Sanjasiri, Terekeka, Yei.

In Eastern Equatoria, 30 incidents killing 38 people were reported. The following locations were among the affected: Camp 15, Chukudum, Haforiere, Hiyala, Idali, Imehejek, Kapoeta, Katiko, Kuron, Labalwa, Locharok, Loming, Lopua, Lowereng, Morugurn, Nabolayi, Nadapal, Napetait, Narus, New Site, Nimule, Osito, Riwoto.

In Jungoli, 29 incidents killing 44 people were reported. The following locations were among the affected: Akar, Akobo, Anyidi, Baidit, Beh, Bor, Duk Padiet, Jalle, Kiirbeer, Lankien, Likuangole, Nanaam, Padak, Panyagor, Pochalla, Poktap, Waat, Wernyol.

In Lakes, 5 incidents killing 6 people were reported. The following locations were among the affected: Adior, Aluak-Luak, Atiaba, Kareer, Nyang.

In **North Bahr-al-Ghazal**, **1** incident killing **0** people was reported. The following location was among the affected: **Nyalath**.

In Unity, 8 incidents killing 11 people were reported. The following locations were among the affected: Guit, Keriel, Mayom, Riak, UNMISS Rubkona Protection of Civilians site, Wang Kei, Wunkur.

In **Upper Nile**, **4** incidents killing **0** people were reported. The following locations were among the affected: **Gendrassa Refugee Camp**, **Joda**, **Malakal**.

In Warap, 13 incidents killing 33 people were reported. The following locations were among the affected: Ajak-Kwach, Akattong, Aweng, Leer, Madul, Mangolapuk, Manyang, Marial-Lou, Pagol, Turalei.

In West Bahr-al-Ghazal, 5 incidents killing 5 people were reported. The

# SOUTH SUDAN, THIRD QUARTER 2023: UPDATE ON INCIDENTS ACCORDING TO THE ARMED CONFLICT LOCATION & EVENT DATA PROJECT (ACLED) COMPILED BY ACCORD, 8 APRIL 2024

following locations were among the affected: Acongcong, Tharkueng, Wau.

In West Equatoria, 10 incidents killing 7 people were reported. The following locations were among the affected: Bazungua, Ezo, Kidi, Nagero Town, Source Yubo, Yambio, Yangiri Town.

## SOUTH SUDAN, THIRD QUARTER 2023: UPDATE ON INCIDENTS ACCORDING TO THE ARMED CONFLICT LOCATION & EVENT DATA PROJECT (ACLED) COMPILED BY ACCORD, 8 APRIL 2024

#### Disclaimer

Event data may be revised or complemented in future updates. Updates in ACLED's datasets will not necessarily be reflected in ACCORD's reports if the update occurs close to or after the latter's publication. Changes in the sources used by ACLED to collect incident data might affect the comparability of data over time. For more information on ACLED's methodology, please see www.acleddata.com/resources/. For more information on ACCORD's products based on the data, please see the ecoi.net blog posts tagged with "ACLED". The lack of information on an event in this report does not permit the inference that it did not take place. The boundaries and names displayed do not imply endorsement or acceptance by the Austrian Red Cross.
