| IDPS | Not available | RETURNEES |
| | | Not available |
| AUTHORITY | | |
| Head Of District: | Mohammad Ihsan | |
| Other Information: | | |
| GENERAL SITUATION | | |
| <p>Bagrami district is a green area with abundant agricultural activities. There are a total of 22 villages in the district. Bagrami is also a war-effected district.</p> <p>The village Butkhaak, being the front-line in wartime, has been affected the most as well as the other villages like Sia Bini and Wilayati. Bagrami is located in the East of Kabul and is accessible. The condition of the Kabul-Bagrami Road is not bad. A 30 minutes drive from the centre of Kabul.</p> | | |
| SECTORAL INFORMATION | | |
| SHELTER: | Percentage and the number of houses destroyed: | About 10% |
| | Housing Situation of Returning Population: | The houses, whose owners are currently living in exile, are almost all destroyed and when they return to the country most of them seek shelter in their relatives' houses. |
| | Comments: | |
| WATER: | Type of Potable Water Sources and the Distance: | Karaiz ,spring ,Shallow and half-deep wells. |
| | Availability of Potable water (%): | |
| | Sanitation and Drainage: | Traditional system. |
| | Comments: | All the villagers have problems with water and no NGO is working for improvement of water condition in the district. . The tap water system is destroyed. |
| AGRICULTURE: | Main crops: | Wheat, corn, potato, tomato, and vegetable. |
| | Current Land Condition: | There is enough agricultural land but no water to cultivate. |
| | Existing Irrigation schemes: | River, stream, |
| | Agri/tool Banks: | Locally made tools and 2 tractors |
| | Animal Husbandry | Almost each family has animals. |
| | Comments: | They take the agricultural products for sale to Kabul city. The drought affected their crops in a great scale. The source of irrigation water is Logar river, wells and rain. |
